Statement of Purpose for William Carey College

William Carey College is a Christ-centered institution of higher learning owned by the Mississippi Baptist Convention and operated through a Board of Trustees elected by the Convention. The College is committed to be an institution of unquestioned integrity and loyalty to the ideals of Christ, demonstrated through service, daily living, and in a broad scope of educational programs. In the liberal arts tradition, the college seeks to provide a meaningful education with an emphasis on undergraduate and graduate programs in an atmosphere conducive to personal growth and the development of excellence in scholarship, leadership, and service.

The college commits itself to the following objectives:

- *To prepare individuals for leadership in the denomination.*
- *To promote the practice of Christian principles.*
- *To provide an atmosphere in which persons of different faiths, cultures, and nationalities can be challenged intellectually, and also can develop spiritually, morally, emotionally, socially, and physically.*
- *To emphasize the cultural values of the arts and sciences.*
- *To teach effective communication skills.*
- *To stimulate critical thinking.*
- *To require a high level of scholarship.*
- *To develop talent and recognize achievement.*
- *To nurture an appreciation of the fine arts.*
- *To provide basic professional training in selected areas.*
- *To develop responsible leaders and citizens who assume productive lives of service in the broader human community.*
- *To affirm our Baptist heritage and namesake - William Carey - by cooperating and working with our churches in carrying out the Great Commission.*

The entire program of William Carey College is built around the individual student. *The college seeks to enhance intellectual and spiritual values and to create a sense of social obligation. The primary aims of faculty and staff are to provide for each student effective instruction, proper example, judicious counsel, and loving concern. In striving to reach these objectives, William Carey College seeks to have each individual within the college community—students, faculty, and administrators—attain his/her highest potential.*

"EXCELLENCE IN EDUCATION IN A CARING COMMUNITY"

EXCELLENCE can be attained if we -
UNDERSTAND more than others think is necessary . . .
BELIEVE more than others think is prudent . . .
CARE more than others think is wise . . .
RISK more than others think is safe . . .
DREAM more than others think is practical . . . and
EXPECT more than others think is possible.

GENERAL INFORMATION

HISTORY OF WILLIAM CAREY COLLEGE

William Carey College claims two proud predecessors as it looks forward to a future of continued growth and development. The first of these was founded in 1906 as a private, coeducational institution known as SOUTH MISSISSIPPI COLLEGE. With the legendary South Mississippi educator W. I. Thames as its president, the college quickly gained a reputation for a strong faculty, especially in art, music, history, and home economics. A devastating fire in 1910, however, aborted the young school when it destroyed the immense administration building, including classrooms, library, and a 1500-seat auditorium.

In 1911, W. S. F. Tatum, wealthy lumberman and Methodist layman, acquired the property and offered it as a gift to the Baptists. He set two conditions: successful operation of a Christian school for girls for five years and an enrollment of at least one hundred the first year. The property consisted of two surviving frame buildings and ten acres of cut-over land. A corporation was organized to own and control the college with nine trustees chosen from Baptist churches in Hattiesburg. In September, 1911, the school opened again with a new name, MISSISSIPPI WOMAN'S COLLEGE and under the leadership of President S. S. Rivers. In November, 1911, the college was offered to the Mississippi Baptist Convention free of debt and was accepted.

The growth of Mississippi Woman's College was a source of pride for Mississippi Baptists. Under the leadership of President J. L. Johnson, Jr., 1912-1932, a splendid new administration building was completed in 1914 and named Tatum Court in honor of the school's benefactor. New brick dormitories were added (Ross and Johnson Halls) as well as an infirmary and a model home. In the process the campus expanded to forty acres.

But the college did not measure its progress simply with physical achievements. An early objective of Woman's College was to train intelligent consecrated Christian citizens who could build Christian homes. Curricula as well as activities were designed with this objective most in mind. By 1925 college stationery boldly proclaimed in its letterhead, "Mississippi Woman's College: The School with a Mission." The student body dedicated themselves to the mission of the college. Such dedication partly accounts for Woman's College becoming known by the late twenties as one of the South's outstanding Christian colleges for women. Continued growth and an emphasis on missions characterized the presidency of W. E. Holcomb, 1932-1940.

When the exigencies of the depression era forced the college to close in 1940, its facilities became available for use as army officers' housing for nearby Camp Shelby. In 1946 Mississippi Woman's College re-opened and underwent major renovations. Dr. I. E. Rouse was elected president in 1946 and served until 1956. In 1953 the Mississippi Baptist Convention voted to return the school to coeducational status after more than four decades of having only female students. Obviously this necessitated a new name for the institution. Thus, in 1954 the Board of Trustees selected the name of WILLIAM CAREY COLLEGE in honor of the eighteenth century English cobbler-linguist whose decades of missionary activity in India earned him international recognition as the "Father of Modern Missions."

Under the leadership of Dr. J. Ralph Noonkester, who was elected president of the college on July 28, 1956, William Carey College enjoyed significant growth. In one period of fourteen years, fourteen new buildings rose on the Hattiesburg campus. The college attracted national attention with baseball, basketball, and tennis teams, the traveling chorale, the theatre performance groups, scientific honor societies, student mission efforts (one of the nation's leading colleges in number of mission volunteers), and pre-medical activities (frequently a leader in percentage of acceptances to medical and dental school in relation to applications).

In 1968 William Carey entered a new dimension when it announced its merger with the prestigious Mather School of Nursing in New Orleans. This prompted the division of the college into schools and, more recently in 1989, into seven divisions: the Division of Allied Sciences, the Division of Business, the Division of Fine Arts, the Division of Education and Psychology, the Graduate Division, the Division of Humanities, Division of Nursing, Division of Missions and Biblical Studies, and the Division of Adult Learning..

Still another dimension opened for William Carey in 1976 when the college purchased the Gulf Coast Military Academy campus in Gulfport. Known as Carey on the Coast, the campus offers selected degrees granted by the parent campus.

Upon the retirement of President Noonkester in June, 1989, the Board of Trustees chose new leadership for the college. James W. Edwards, an educator, businessman, and Christian layman, became the seventh president of William Carey College in November, 1989.

The dramatic developments over the years demonstrate that William Carey College has accepted the challenging motto of the one for whom she is named, "Expect great things from God; attempt great things for God."

LOCATIONS

William Carey College has **three** campuses:

HATTIESBURG is the home of the original parent campus, founded in 1906. On one hundred twenty acres the campus faces a beautiful evergreen forest on the south side of the city. Thanks to its similar proximity to Jackson, Meridian, New Orleans, and Mobile, Hattiesburg is known as the Hub City. With a population of 65,000, the greater Hattiesburg area is served by two air airports, train and bus facilities, and five four-lane highways, one of which connects with Gulfport and the Gulf coast beaches an hour to the South.

NEW ORLEANS is one of the sites of the Division of Nursing. On tree-lined Napoleon Avenue near the famed Garden District, the school is housed in the modern seven-story educational building of Southern Baptist Hospital. Cross-street corridors from floors two and three connect the all-purpose building with the hospital. "America's most unusual city," historic New Orleans offers the student a rich mosaic of culture and tradition. Nursing is also offered on the other two Carey campuses.

GULFPORT is the location of Carey on the Coast. Looking out on the beautiful waters of the Gulf of Mexico, the twenty-acre campus lies midway in the fastest growing industrial and recreational area of Mississippi. Live oaks and palm trees grace the campus, while the college fishing pier reaches into the Gulf itself.

ACCREDITATION

William Carey College is **fully accredited** by the Southern Association of Colleges and Schools. The college is a member of the National Commission on Accrediting, the Association of American Colleges, the American Council on Education, the Mississippi Association of Colleges, and the Association of Southern Baptist Colleges and Schools. The Department of Music is a full member of the National Association of Schools of Music. The music therapy program was granted full accreditation by the National Association for Music Therapy in 1977. The Division of Nursing is accredited nationally by the National League for Nursing, and locally by the Board of Trustees, Institutions of Higher Learning of the State of Mississippi. It also maintains membership in the Council of Member Agencies of the Department of Baccalaureate and Higher Degree Programs of the National League for Nursing, the Council on Nursing of the Southern Regional Education Board, and the American Association of Colleges of Nursing. The Medical Technology Program is accredited nationally by the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS). The right to grant master's degrees was

approved on December 12, 1972, when the Southern Association of Colleges and Schools extended Level III status to the institution.

NON-DISCRIMINATION/DISCLAIMER

William Carey College offers equal educational opportunities to all persons without discrimination and without regard to sex, race, religion, color, or national origin. No United States citizen shall, on the basis of race, color, sex, or national origin, be excluded from any of the academic, financial, scholarship, or other programs of the college. These provisions also apply to handicapped individuals; in reference to section 504 of the Rehabilitation Act of 1973, the college does not discriminate on the basis of handicaps.

In conformity with Title IX of the Education Amendments of 1972 and section 504 of the Rehabilitation Act of 1973, the Academic Vice-President, William Carey College, Hattiesburg, MS 39401, has been designated as the responsible employee to coordinate efforts to carry out responsibilities and make investigation of complaints relating to discrimination.

Information contained in this catalog is subject to change without prior notice. Information contained herein shall not constitute a legally binding contract/agreement upon William Carey College.

POLICY ON PRIVACY OF STUDENT RECORDS

William Carey College is in compliance with the policies on privacy of student records as described in the Family Education Rights and Privacy Act of 1974. Specific details of the policy are included in the student handbook.

APPLICATIONS FOR ADMISSION

Each applicant for admission must file with the director of admissions a complete application consisting of the following:

1. **A complete application** on the official form furnished by the college.
2. **A transcript** of high school and college record to date. If the applicant is accepted, a supplementary transcript showing the grades on the courses when completed is also required.
3. A $10 application fee which is non-refundable.
4. Score reports on the American College Test (ACT) or the College Entrance Examination board Scholastic Aptitude Test (SAT). A student who has not had one of these tests may be admitted without the score; however, the ACT will be administered during orientation. The cost of the ACT will be collected at the time of testing. If a student has been out of high school six or more years, the ACT is not required for general admission. See requirements for admission to the Division of Nursing, page 109.
5. **A $65 room reservation** deposit which is credited to the student's account upon registration. This fee is non-refundable after July 1.
6. All students taking academic credit are required to show proof of immunization for measles and rubella as required by the MS State Dept. of Health.
7. The residential status form must be returned to the Office of Student Development.

The prospective student should file a complete application and should request the appropriate school principal or college registrar to mail a transcript to William Carey College as soon as the decision to apply has been made. The best time to do this is during the fall semester of the year prior to the desired time of entrance to the college.

Applications will continue to be accepted during the spring and summer. Both freshmen and transfer students may enter the college in August, January, June, or July. Students on the Coast campus enter in August, November, February, or June.

STANDARDS FOR ADMISSION

To the freshman class (students from accredited secondary schools): The college desires students who rank in the third or fourth quartile (upper half) of their graduating class. Although scores on the College Board, American College Test, or Iowa Test of Educational Development are required, these students, if well recommended, will usually be accepted without references to those scores. Applications from students who rank in the lower half of their class will be considered in relation to those scores and any other evidence of potential furnished by the student's secondary school, such as intelligence scores, various aptitude test scores, and reading test scores, and also the student's secondary school curriculum, his grades in the college preparatory subjects (English, foreign languages, social studies, science, and mathematics), his special skills or aptitudes, and his expected curriculum in college. In other words, the Admissions Committee uses the "whole student" concept in selecting applicants from the lower half of a secondary school class.

To advanced standing (transfer students from accredited junior colleges, senior colleges, or universities): An application from a well-recommended student who is in good standing at another institution of higher learning will normally be approved if the student's academic record at that institution is equal to the minimum standards required of our own students. See below under "Academic Discipline," page 52. Credits earned in nursing courses from an accredited baccalaureate program may be transferable.

An applicant who has had college level work and is applying for admission to William Carey College should:

1. Complete the application for Admission.
2. Request the registrar of each college or university previously attended to forward to the Admissions Office a complete and official transcript of work. An official transcript is defined as one mailed directly from one institution to another. It bears the institution's seal, the signature of the registrar, and the date of issuance.

Unaccredited secondary schools and colleges:

1. Applications from students in unaccredited secondary schools will be considered in the light of both the school records and the scores received on the College Board, the American College Test, or the Iowa Test of Educational Development.
2. Applications from students in colleges that are not regionally accredited but are accredited by their state department of education for teacher training or by their state university will be considered on the same basis as applications from students in colleges that are regionally accredited.
3. Applications from students in colleges that are not accredited by any of the means listed above must be substantiated either by letters from three accredited colleges stating that they will accept the credits (listing any qualifications or restrictions), or by examinations administered by William Carey College to validate the credits, if any credits are to be transferred.

Non-Credit Students: Students who are not eligible or who do not desire college credit may be admitted as non-credit students.

To Non-Degree Status: If a student wishes to complete certain undergraduate courses and not pursue a degree, the director of admissions may grant that person non-degree status provided the applicant meets these conditions:

1. Has a high school diploma or its equivalent.

2. Provides proof of eligibility to return to the last school attended by means of an official transcript.

3. Applicants for non-degree status are required to certify that they are not under suspension from any college or university. A student found guilty of non-disclosure or misrepresentation in filling out the registration form, or a student who finds after enrollment that he is ineligible for academic or any other reason to return to the last institution and who fails to report this immediately to the admissions office, will be subject to disciplinary action, including possible dismissal from the college.

4. The student registered in non-degree status is subject to all college regulations governing registration, attendance, and academic standing. Credit earned in non-degree status is recorded on the student's permanent record and may be applied in an undergraduate degree program when the student has satisfactorily established degree status by meeting entrance requirements of the college.

5. It is NOT the policy of the college to permit students from other countries who are in the United States on a student visa to register in non-degree status.

Early Entrance Program: The following requirements are used to determine admissibility of a student at the end of the junior year of high school. Students meeting these requirements are admitted to the freshman class without reservation and are not required to complete the senior year of high school.

1. Fifteen (15) units of credit must be earned by the completion of the high school junior year.

2. A qualified student must have at least a 3.5 grade point average on the 4.0 system, which is approximately a B+ average.

3. An ACT score of 20 composite or SAT score of 1000 or the equivalent must be obtained.

4. The applicant must have a personal recommendation from his high school principal specifically recommending him for early entrance.

Credit by Examination: Advanced placement and college credit are given to students who have the college-level subjects in high school and who have made certain minimum scores on some of the College Entrance Examination Board Advanced Placement tests. Credit for knowledge gained by non-traditional means may be substantiated by certain minimum scores on some of the CEEB College Level Examination Program tests or the American College Test Proficiency Examination Program tests.

Honors Program: Students who are valedictorians or salutatorians and others who rank in the top five percent of their secondary school graduating classes or in the top ten percent nationally on the Scholastic Aptitude Test of the College Entrance Examination Board, the American College Test, the National Merit Scholarship Qualifying Test, or other nationally recognized college entrance tests may apply to the William Carey College Honors Council for admission to the Freshman Honors Program. Students selected for the Honors Program will receive academic scholarships depending upon academic promise. Interested students should write to the director of admissions and request the Honors Program brochure, which describes the program and tells how to apply for it. There are also a Sophomore Honors Program and a Junior-Senior Honors Program with similar stipends.

Readmission: A former Carey College student (one who was not registered during the preceding regular semester or term) applies for re-admission on a simplified form provided by the director of admissions. Transcripts must be sent of any **college** work **undertaken since leaving Carey.** A student who has been out of school only during the summer does not need to apply for readmission. A room may be reserved by writing directly to the dean of student affairs.

International Students: This school is authorized under Federal law to enroll non-immigrant alien students.

1. Students are required to score 525 or above on the TOEFL to be admitted to the college.
2. All students (including the United States students) must take the William Carey College placement examinations. The purpose of this examination is to determine if the student requires remedial courses.
3. Applicants must submit official records (with an English Translation) of all studies in each school attended, beginning with secondary school. These records should include all marksheets, diplomas, and certificates issued during that time. If only the original is available, copies of these records will be accepted as official papers.
4. All international students must pay U$500.00 advance tuition before an I-20 will be issued from William Carey College. This payment will be subtracted from the student's bill at registration. Students who are on a scholarship from their country come under the above, unless there is a letter from an official of the scholarship committee/foundation on file in the business office.
5. Cost for attending William Carey College for twelve months will be at least U$8280.00. This does not include personal expenses or transportation. STUDENTS MUST BE PREPARED TO PAY THEIR BILL IN FULL ON THE DAY THEY REGISTER FOR CLASS. Since the immigration laws do not allow a foreign student to hold a job during the first year in the United States, a STUDENT SHOULD NOT EXPECT TO EARN ANY PART OF THE EXPENSES. THE COLLEGE DOES NOT HAVE ANY SCHOLARSHIPS AVAILABLE TO INTERNATIONAL STUDENTS.
6. International students should refer to the college calendar for dates of the Thanksgiving and Christmas holidays. The dormitories are closed during these periods, and students must provide their own living and eating arrangements while the dormitories are closed.

BUILDINGS AND EQUIPMENT

TATUM COURT

Originally constructed in 1914, this building of Colonial design was completely renovated in 1974 into a modern facility housing administrative offices, faculty offices, classrooms for the humanities, and the O. L. Quave Theatre.

THE ROUSE LIBRARY

The library is a modular-designed, single-floor building. See "I. E. Rouse Library," p. 36.

FAIRCHILD HALL

This one-story building houses the Department of Education. The building has office suites for faculty members, five classrooms, a well equipped curriculum laboratory, and a research room for faculty and students.

GREEN SCIENCE HALL

The one-story portion of Green Science Hall accommodates chemistry and physics curricula. The two-story addition houses Ross-Lecture Hall, student study and work areas, laboratories, offices, and classrooms for the departments of biology, mathematics, psychology, and social sciences.

MARY ROSS BUILDING

Although one of the older buildings, this facility was completely renovated in 1974 and now houses faculty offices and conference rooms for the Division of Business.

THOMAS BUSINESS ADMINISTRATION BUILDING

Of modern design and completed in 1974, this facility contains The Kresge Lecture Room, houses the Division of Business, and is used for continuing education, workshops, and graduate classes.

THOMAS FINE ARTS CENTER

The Fine Arts Center, dedicated in 1966, contains complete facilities for the Department of Music and a 1200-seat auditorium. The Smith auditorium with its large stage is one of the finest in Mississippi.

CLINTON GYMNASIUM

Constructed in 1961, this building includes a large gymnasium, faculty offices, locker rooms, and a large physical education classroom.

LAWRENCE HALL

The east wing of Lawrence Hall provides offices, classrooms and conference space for the Division of Missions and Biblical Studies. The west wing contains an assembly room and offices for the BSU.

McMILLAN HALL

Completed in 1964, this building houses college bookstore, postoffice and offices for student activities.

WILKES HALL

This completely modern building includes a student dining room, a faculty dining room, the grill, and the student center. The building is supervised by the director of student activities.

THE BENTLEY-POPE HOUSE

A two-story colonial style mansion built in 1962 serves as the President's home. Large formal entertainment areas occupy most of the first floor.

CRAWFORD HALL

This eight-room structure serves as the faculty conference center.

BASS HALL

A three-story building of modern design, Bass Hall will accommodate 150 women, two to a room. Built in 1963, the building has a large lounge and a hostess' suite.

BRYANT HALL

Completed in September, 1966, this building, the newest dormitory on campus, will accommodate 110 men, two to a room.

ROSS AND JOHNSON HALLS

These twin dormitory buildings are among the original structures for the campus. In 1984, Johnson Hall was completely renovated and converted into modern apartments for married students and single, senior female students. One year later in 1985, the renovation and restoration of Ross Hall was completed and will accommodate approximately sixty female students in lovely suites containing private bathrooms and modern furnishings.

EDUCATION BUILDING-NEW ORLEANS CAMPUS

A part of the Southern Baptist Hospital Complex, this multi-million dollar building was completed in 1979 and includes housing for the offices of the Division of Nursing, classrooms, and a library which contains the Harriet L. Mather Suite.

GULF COAST CAMPUS

Purchased in 1976, the coast campus consists of the following major buildings:

* Fairchild Administration Center - Houses administrative and faculty offices and the Gillespie Art Gallery.
* McMullan Learning Resources Center - Contains the library, computer laboratory and classrooms.
* Parker Hall - Renovated in 1987 and contains classrooms, an education laboratory, science laboratories, and a new 300-seat conference center.
* Student Services Center - Houses the bookstore and student center.
* Apartment Dormitories - Consist of four new housing units, each containing 24 furnished or unfurnished modern apartments for married or unmarried students. (Completed in 1986).
* Religious Activities Center - The meeting place for the Baptist Student Union. It is open to all students.
* L. W. Anderson Genealogical Library - Contains the genealogical library established and operated by Anne S. Anderson.

HEALTH SERVICES

On the Hattiesburg campus, the emergency room services of local hospitals are available to students twenty-four hours per day. These services are provided on a fee-for-services basis.

Medical service for students on the Gulf Coast and New Orleans campuses is on a fee-for-service basis with physicians and hospitals in the area.

GENERAL REGULATIONS

VISITORS

Hospitality is one of the fine traditions of the Old South which Carey College treasures and seeks to inculcate in her students. Alumni and former students are always welcome. Parents and friends of students should arrange their visits, if possible, during weekends, or at times which will not interfere with the regular duties of the student visited. Each student is expected to perform the duty of host to his or her guests and make all necessary arrangements for their entertainment and comfort. Rooms for guests, when available, may be obtained on each of the three campuses for a small fee, and meals are provided for visitors on a pay-as-you-go basis in the cafeterias on the Hattiesburg and New Orleans campuses. All guests must be registered with the appropriate dormitory head resident.

VEHICLE REGISTRATION

Registration of motor vehicles will be a part of the academic registration procedure at the beginning of the fall semester each year for all students who are permitted to bring cars on the campus and will be part of the pre-registration procedure at the beginning of the spring and summer semesters for all students not already registered. Students who bring unregistered vehicles on campus after any registration period must register them at the Campus Security Office immediately after arrival on the campus. All college employees and students shall register their vehicles and purchase a registration decal from the Student Development Office. Failure to register a vehicle, to use the proper decal, or to observe all traffic regulations will constitute a violation and subject the violator to certain penalties. This regulation does not apply to the New Orleans

campus. See the traffic and parking regulations in the student handbook for more information.

DISCIPLINE

Every student is expected to display proper conduct. If, however, it becomes apparent that any student, by misconduct, is doing harm to self or others, the college will use all appropriate means of discipline. Admonition, official reprimand, disciplinary probation, suspension, and expulsion are the penalties resorted to, according to the gravity of the offense. The college reserves the right to require at any time the withdrawal of a student whose conduct or academic work is not considered satisfactory by the authorities of the college, though a specific charge may not be made. Students have the right to appeal any decision through appropriate channels.

HOUSING POLICY FOR SINGLE STUDENTS

Philosophy. — The college holds to the philosophy that dormitory life provides an increased opportunity for developing better student relationships, encourages the exchange of cultural and intellectual thought, and promotes the general welfare of students through the convenience of campus living accommodations.

Regulation. — All unmarried students are required to live in one of the campus residence halls and to board in the college cafeteria. Exceptions to this requirement may be made for students who live with parents, or other immediate family members (grandparents, brothers, sisters) in a permanent residence within the immediate college community. Under certain other special circumstances, unmarried students may make application to the Housing Appeals Committee for permission to live off-campus. Such applications are filed with the Office of Student Development prior to the beginning of the semester. Any unmarried student living off-campus without official approval will be required to pay full room and board for the semester or term in which the violation occurs.

Dormitory rooms on the Hattiesburg campus are equipped with single beds, desks, and chests of drawers. Students must furnish their own pillows, pillow cases, sheets, blankets, spreads, and window curtains. All rooms are equipped with phones connected to the college's telecommunications system, and payment is made through the business office of the college.

All dormitory students must make room reservations prior to each semester. A sixty-five dollar room deposit is required of all new dormitory students. This will be refunded, less any assessment for damage or neglect of the room or its furnishings, within ninety days of the student's permanent check out. Any unpaid citations may also come form this deposit.

Each furnished dorm apartment on the Gulf Coast campus has a living room set, a dinette set, a regrigerator, a stove, two twin beds, night tables and a telephone. A deposit of $100 is required at the time a student makes application for a dorm apartment. This deposit is refundable, less any assessment for damage or neglect of the room or its furnishings, when the student properly checks out of the room permanently. Housing is not provided on the New Orleans campus.

Tuition ..... $83.33 per semester hour

GENERAL FINANCIAL REGULATIONS

An application fee of $10 is charged each applicant at the time of making application. It is non-refundable. Dormitory students pay a room reservation deposit of $65 at the time the room is reserved. Rooms are reserved in the order in which deposits are paid. This deposit is non-refundable if the student fails to properly check out of the dormitory.

TERMS OF PAYMENT

All fees are due and payable upon registration at the beginning of each semester. However, a student may request to pay on the College's Deferred Payment Plan. In order to register under this plan, a student must pay a minimum of one-half of his semester expense after deducting any committed loans, scholarships and/or grants. The remaining balance of the semester can be divided into three equal monthly payments. Payments must be made on the monthly date set by the college. If any payment remains unpaid 30 days after the due date, the student's enrollment will be terminated. Should a student be granted permission to reenter, a reinstatement fee of $10 will be assessed. This fee is non-refundable and must be paid in cash. A $25 FEE WILL BE ASSESSED FOR THE PRIVILEGE OF USING THE DEFERRED PAYMENT PLAN.

A budget payment plan is available which will allow tuition and other costs to be paid over a 10-month period. Interested students should contact the Business Office for details.

TUITION REFUND POLICY

Tuition will be refunded AFTER OFFICIAL WITHDRAWAL OR AFTER OFFICIALLY DROPPING A COURSE AS FOLLOWS:

Semester

During the week of registration	**100% minus $25[1]**
During the second week	**80%**
During the third week	**60%**
During the fourth week	**40%**
During the fifth week	**20%**
After the fifth week	**None**

[1]During the first week of the term the tuition of part-time graduate and continuing education students enrolled on a per course basis will be refunded at the rate of 100% minus $10 per three-semester hour course.

Ten-Week Term

During the first week of the term in which classes meet	100% minus $25
During the second week	80%
During the third week	60%
During the fourth week	40%
During the fifth week	20%
After the fifth class meeting	None

Any claims for refunds of tuition will be based on the date on which the student files his request for official dismissal or dropping of a course. When illness makes withdrawal necessary and when withdrawal is advised by the student's physician, the proportionate part of charges will be refunded. No refund is made when a student is expelled for reasons of misconduct. No refund is made for temporary absences.

BOOKSTORE AND SUPPLIES

The college maintains a bookstore, through which books, stationery, ink, and other supplies may be purchased. Students should come with money for these items since in no case can they be charged. Average: $100-$150 a semester.

PRIVATE ROOM POLICY FOR DORMITORIES

Each dormitory student must have a roommate or he/she will be charged the extra fee for a private room.[1] Vacant rooms may be held in reserve for athletic teams, touring choirs, and other visitors on campus.

FINANCIAL AID TO STUDENTS

Scholarship, work service, loan, and work study funds at William Carey College are administered in conjunction with a nationally established philosophy of distributing financial aid. The basis of this philosophy is the belief that the student and his or her parents have the primary responsibility for paying the cost of education and that financial aid from the college is available, only for meeting the difference between the cost of education and the amount the students and parents can reasonably be expected to contribute.

As a member of the college scholarship service, William Carey College utilizes an officially recognized procedure for determining expected family contribution. In making this determination, such elements as income, net worth, certain expenses and indebtedness, size of household, and number of family members in post-secondary education are considered.

The purpose of William Carey College's financial aid program is to provide assistance to students who would be unable to attend college without such aid. Financial aid may include scholarships, grants, loans, and part-time employment. These types of assistance are extended either singly or in combination. The financial aid award or "Package" offered depends upon the student's academic record and need for assistance. It is understandable that most students would prefer assistance through a full scholarship or gift program, but the packaging concept enables WCC to assist more students, thereby making it possible for larger numbers to attend. Each aid applicant will automatically be considered for all aid programs administered by the office of financial aid staff.

All applications for financial aid will be processed on a first-come, first-served basis. Individuals must complete a Financial Aid Form (FAF) application for financial aid. These forms may be obtained by contacting the financial aid office at WCC. The FAF is also available from high school counselors.

The institution requires that an FAF Form be completed by any student who will be receiving a scholarship, loan, grant or any other form of financial aid.

[1]Private room is 1½ times the regular room rate.

GENERAL REGULATION

1. Financial aid applicants must be accepted for admission to WCC before financial assistance can be awarded.
2. Generally, financial aid is offered to the full-time student working on his or her first Baccalaureate degree. If a student drops below half-time status, that student automatically becomes ineligible for financial aid.
3. Ordinarily financial aid is awarded once per term of the regular academic year.
4. In order to receive financial aid, students must maintain "Standards of Satisfactory Progress" toward their degrees and remain in good standing. Financial aid may also be withdrawn from students who are penalized by William Carey College for serious breaches of discipline. The financial aid office reserves the right to withhold further assistance at the time it becomes evident that a student has abused or is abusing the financial aid programs.
5. Students receiving financial aid from sources other than William Carey College must advise the director of financial aid of the amount and source of such aid.
6. An application for financial aid must be completed annually. Financial aid is not automatically renewed.
7. This institution is in compliance with Title VI of the Civil Rights Act of 1964 and Title IX of the Educational Amendments of 1972 and does not discriminate against the handicapped or on the basis of race, creed, color, sex, or national origin.
8. Financial aid refund request forms must be filled out in the Financial Aid Office. Students can expect to receive their refunds the week following their written requests. However, refunds will not be processed the week following any registration period due to the time required to post all registration information.

TYPES OF FINANCIAL AID

The following financial aid programs are available to students who enroll at William Carey College. Specific eligibility criteria and applications procedures for each program are available at the office of financial aid.

STUDENT LIFE AND CAMPUS ACTIVITIES

PHILOSOPHY OF STUDENT CAMPUS LIFE

Student life at William Carey College is conceived of as an experiment in community Christian living. All student life, all organizational life, and all social life is directed to the ultimate purpose of preparing a person for mature and happy vocational and social life, irrespective of individual professional objectives. The college strives to give all students the opportunity to grow creatively in all aspects of personal and community life.

All students are expected to assume responsibility for their own affairs and to respect the rights and privileges of other members of the campus community. Faculty and administrators of the college are very much interested in students and seek always to help them to achieve mature, personal, responsible objectives.

The student's spiritual, social, moral, intellectual, and vocational maturity is increased through his participation in community housing and organizational activity, his assumption of responsibilities for campus life, and the availability of many forms of student and staff guidance. Such opportunities are listed below.

RELIGIOUS ACTIVITIES

Philosophy. William Carey College is owned by the Mississippi Baptist Convention, but avoids a sectarian point of view. Baptists are first among all people who preach and practice religious liberty. Personality is held to be sacred and soul competence is a primary tenet. The historical spirit is preserved and an open mind is encouraged.

Baptists believe in the individual discovery of God and in religion as an inner and vital personal experience.

Baptist beliefs, as held by Roger Williams, are the basis of the American constitution and way of life. They who coerce politically, intellectually, or religiously violate the genius of the Baptist spirit and polity. It is this evaluation of the individual as the prime social value and the inviolability of the individual soul in pursuit of truth and right that inform and guide Carey College in her culture and character for her students.

A **Religious Emphasis Week** is held annually on the Hattiesburg campus and a **Religious Emphasis Day** is held on the New Orleans and the Gulf Coast campuses. Outstanding servants from the Christian community are brought to the campuses for these emphases.

The Baptist Student Union seeks to provide opportunities for fellowship, recreation, Bible study, prayer, meditation and Christian service. It encourages students to take an inward journey and learn about themselves, as well as an outward journey whereby they share their life and faith with other persons. Encouraging student involvement in the life and work of a local church is another integral part of the BSU. As responsible, participating churchmen, students become instruments through whom God can work on the campus and beyond. The BSU is an open fellowship to students of all races and denominational backgrounds.

The BSU is affiliated with the Student Ministries Department of the Southern Baptist Convention and the Department of Student Work of the Mississippi Baptist Convention.

Chapel. The purpose of Chapel is to provide through the regular assembly of the entire college family an opportunity for worship and inspiration, for learning in an inspirational context, and for the creation of community. This will contribute to the spiritual development of the student as a significant part of his total preparation for a meaningful life. Chapel programs are presented each Tuesday morning during the fall and spring semesters and all undergraduate students on the Hattiesburg campus are

required to attend. Exceptions to this requirement may be made to students who petition the Chapel Appeals Committee.

Students and faculty on the New Orleans campus attend general assembly, in which a varied program of professional, cultural and/or religious nature, planned for each semester by a student-faculty committee, is presented. All undergraduate students on the New Orleans campus are required to attend.

Chapel programs are presented each Wednesday morning on the Gulf Coast campus and undergraduate students are required to attend. Exceptions to this requirement may be made to students who successfully petition the Chapel Committee.

STUDENT GOVERNMENT ASSOCIATION

William Carey College has adopted student government because of its democratic and creative implications. Every student who pays the activity fee of the college automatically becomes a member of the Student Government Association. Each member is given opportunity to participate in student government by voting in SGA elections, by the voice of representatives in the Student Government Council, and by the right of personal petition. The officers of SGA work closely with the Office of Student Development in planning and implementing a complete program of services to students. The president and vice president of the SGA are welcome representatives of students on the Administrative Council of the college. Both the New Orleans and the Gulf Coast campuses have autonomous Student Government Associations.

STUDENT PUBLICATIONS

The **Cobbler** is the student newspaper. It is a publication designed to report on past and future campus events and is used as an avenue for expression by students.

The **Crusader** is an annual publication that depicts and preserves the events that influence and shape the lives of the students during the course of a year.

The **Calendar** gives a preview of the activities of the campus.

Membership in the chapter is open to all music students, with emphasis given to those students who are preparing to teach music in public schools.

National Association of Music Therapy Students is an organization that promotes a therapeutic use of music in a clinical setting.

Omicron Delta Kappa, William Carey College Circle, recognizes the high attainment of juniors and seniors as leaders in the areas of scholarship, athletics, student government, social and religious affairs, publications, speech and drama, and music. Membership is by election.

The **Pace Setters** is an honorary group of students which assists the college in recruiting, public relations, new student orientation, and hosting of campus visitors.

Phi Beta Lambda is a national business organization also known as the College FBLA. This organization is open to all business majors with at least 2.0 average.

The **Pre-Law Club** includes all students interested in any field of legal work and seeks to build and maintain interest in the field of law.

The **Psychology Club** is an organization designed to enhance the educational experiences of its students through a wide range of extracurricular experiences involving both the school and community. This club is not limited to psychology majors, and others are encouraged to take part in club activities. Some of the activities will include field trips, movies, lectures, and special service projects within the community.

The **Science Society Pre-Medical Club** includes all students interested in any field of medical work. Building and maintaining scientific interests in its main purpose. The programs are planned so as to inform students of new methods and advances in science.

The **Serampore Players** is an organization sponsored by the Department of Theatre and Communication. The purpose of the organization is to stimulate interest in the acting and backstage aspects of a performing theatre.

Student National Education Association provides members with opportunities to develop personal growth and professional competence; to acquaint its members with the history, ethics and program of the organized teaching profession; to interest young men and women in education as a life-long career; and to participate in cooperative work on the problems of the community.

The Student Government Association is an organization whose purpose is to aid in governing the student body and help serve their needs. Every student who pays the activity fee is a member of the SGA.

SOCIAL CLUBS

Gamma Chi and **Pi Omega** are the two social clubs for women attending William Carey College. Both clubs promote activities in five areas: educational, recreational, social, cultural and civic. Membership to both clubs is limited to second semester students with a minimum GPA of 2.0.

ADMINISTRATION OF THE ACADEMIC PROGRAM

ORGANIZATION OF THE COLLEGE

The college is organized into the Division of Allied Sciences, the Division of Business, the Division of Education and Psychology, the Division of Fine Arts, the Division of Humanities, the Division of Missions and Biblical Studies, the Division of Adult Learning, the Division of Nursing, and the Graduate Division. Each of these divisions has a chairperson responsible for its direction.

GRADUATE DIVISION

William Carey College offers a program of graduate studies leading to degrees in selected areas. For information and a graduate bulletin, contact Graduate Office, Campus Box 3, William Carey College, Hattiesburg, MS 39401.

THE WILLIAM CAREY COLLEGE LIBRARY SYSTEM

The primary function of the William Carey College Library System is to support the curriculum and the faculty research. Although anyone may use the resources, borrowing privileges are restricted to Carey College students, faculty, and staff. Carey students may check out books from any of the libraries in the WCC Library System. A shuttle service is maintained to expedite book loan service between the three Carey libraries.

Professional librarians are available on each campus to provide reader assistance in instruction in the use of the library.

THE I. E. ROUSE LIBRARY

The I. E. Rouse Library, on the Hattiesburg campus, houses approximately 110,000 items, including books, bound periodicals, music scores, microtexts, phonodiscs, and other library materials, and subscribes to 600 periodicals. The library has microfilm readers, microfiche readers, music listening stations, and provision for photocopying services.

The I. E. Rouse Library houses the Clarence Dickinson Collection, which is centered around church music. It contains 5,600 items which include books, scores, manuscripts, microforms, phonodiscs, tapes, paintings, and memorabilia.

THE SOUTHERN BAPTIST HOSPITAL LEARNING RESOURCE CENTER

The Southern Baptist Hospital Learning Resource Center, located in the Education Building on the New Orleans campus, serves the students and faculty of the Division of Nursing plus the staff of the hospital. The Nursing collection is reflected in the 13,000 items housed in the LRC. The Southern Baptist Hospital LRC subscribes to 225 periodicals, and contains AV materials and equipment. On-line searching and photocopying service are available.

THE McMULLAN LEARNING RESOURCES CENTER

The McMullan Learning Resources Center, located on the Coast Campus, houses 14,450 volumes and subscribes to 199 periodical titles. A duplication of the I. E. Rouse Library card catalog is located here which allows Coast students to have total access to the William Carey College Library System's holdings. Photocopying service is available.

ACADEMIC GUIDANCE PROGRAM

William Carey provides a guidance program for students through faculty conferences. Conferences are designed to assist students in the choice and mastery of academic subjects.

1. Each student is assigned to a member of the faculty who serves as advisor. Heads of various departments of the college are responsible for assigning advisors for their major students.
2. A program of orientation for all new students is provided.
   (a) An introduction to student life is planned by the dean of students.
   (b) Diagnostic tests are administered to new students prior to registration. Tests are administered in the following areas: English composition, reading, mathematics, chemistry, biology, music theory, applied music, and music ensembles.
   (c) Results of the required placement tests are used to recommend appropriate courses for students.

CLASSIFICATION OF STUDENTS

The undergraduate academic work of William Carey College is organized into four classes: the Freshman Class, the Sophomore Class, the Junior Class, and the Senior Class. The following constitute the requirements for membership in each of the classes.

1. A freshman is a student who has completed 29 semester hours or less.
2. A sophomore is one who has completed 30-59 hours.
3. A junior is one who has completed 60-89 hours.
4. A senior is one who has completed at least 90 hours.[1]

REQUIREMENTS FOR DEGREES

Studies at William Carey College are designed to promote intellectual and spiritual growth. Toward that end, the college has established a core curriculum. Through its courses, students acquire habits of thought and expression which are prerequisite to professional excellence. They also develop an appreciation for their cultural heritage and an understanding of its moral, artistic, and intellectual distinctives. Finally, in order to help them cope with challenges posed by scholarly discovery and technological change, they explore the methodology and contributions of a variety of academic disciplines. Having striven to reach these goals, Carey graduates are enabled to serve a world in need of their commitment, knowledge, and expertise.

MISCELLANEOUS REQUIREMENTS AND REGULATIONS FOR ALL DEGREES

1. **English Proficiency Test.** All students must take an English proficiency examination during the first semester of their junior year. Any student who fails the examination must register for and satisfactorily complete English 105, after which he must retake and pass the English proficiency test. **Late fee: $25.**
2. **Graduation requirements may be met under any catalog in effect during the student's enrollment within six years of graduation.** Junior college students transferring directly to William Carey College under admissions standards in the current catalog may elect to follow the academic policies in the immediately preceding catalog, provided they were enrolled at the junior college at that time. Students seeking teacher certification should follow currently approved programs.
3. **Second Degree.** Students desiring to earn a second undergraduate degree must complete the core requirements for the additional degree plus a second major. At least 30 semester hours beyond the minimal 128 semester hours required for the first degree must be earned.
4. **Upper-level hours** 40 (hours in courses numbered 300 or above) (Courses transferred from junior colleges will not be counted as upper-level hours.)
5. **Upper-level hours in the major field . . . 50% of the required hours in the major field must be upper-level hours.**
6. The **last thirty semester hours** of work must be done at William Carey College. An alternate way to meet this requirement is to take at least forty-eight upper-level hours of work at William Carey College.
7. **Hours in the major** earned at William Carey College (upper level)..... 12[1]
8. **Hours in the minor** earned at William Carey College..... 6
9. **An average grade** of **C** or above on the total academic hours attempted.
10. **An average grade** of **C** or above on all of the work done at William Carey College.
11. **An average grade** of **C** or above on courses in the major and minor fields.[2]
12. **Application for degree** (Degree Plan). Students who are candidates for May degrees are required to file applications for their degrees in the office of the registrar by January 31 prior to graduation. Candidates for August graduation must file application for their degrees by March 31. Students filing degree applications after these deadlines will be charged **$50 late fee.**
13. **Graduation ceremony. Degrees are not conferred in absentia,** except by special permission of the academic vice-president. The annual commencement is held in May.
14. **A maximum of nine (9) hours in directed readings and independent study** courses may count toward a baccalaureate degree.
15. **Only eight (8) activity credit** hours may count toward a degree. **Activity credit** (PEG) is defined as those semester hours awarded for participation in cheerleading, intercollegiate baseball, basketball, and tennis. Courses of this nature in which academic instruction occurs are not included.

[1]BSN degree students must earn at least 15 semester hours of the major in residence.
[2]Nursing students must have a grade of C or above on all nursing courses.

GENERAL ACADEMIC REGULATIONS

ACADEMIC CREDITS AND CLASS LOAD

William Carey College operates on two academic calendars. The first is the regular semester system, two semesters and two five-week summer sessions. The second is divided into four ten-week terms. THE SEMESTER HOUR IS THE UNIT OF CREDIT.

The normal course load on the semester system is five courses totaling 15-17 semester hours. Students on the Dean's List (scholarship average 3.25 or better) may take a maximum of 20 semester hours. Exceptions must be approved by the academic vice president. No student may take more than 21 hours in any semester from any combination of courses.

The normal course load on the term system is three or four courses, totaling 9-12 semester hours per ten-week term. No student may take more than 15 hours in any ten-week term.

The maximum amount of work which may be earned in both five-week terms of the summer session or in each of the ten-week terms is fifteen semester hours.

A student should attempt to complete all core curriculum by the end of his second year in college. First-semester freshmen and transfer students **must take English Composition and continue English courses until the core is met.**

A full-time student is one taking a minimum of twelve semester hours during a semester or none semester hours in a ten-week term.

CORRESPONDENCE CREDIT

Correspondence credit will not be accepted in the department of the student's major unless it is in addition to the minimum credit required for the major. All correspondence credit must be approved by the student's dean and must carry a grade of at least C. Transcripts for correspondence credits to be used to meet graduation requirements must be received by the registrar at least two weeks prior to the date of graduation. Correspondence credit is limited to 6 semester hours for a degree, and these hours must originate from a regionally accredited institution (e.g. Southern Association of Colleges and Schools).

AUDITING COURSES

A student who does not wish or need credit may attend class as an auditor. Students who audit a course are expected to attend class on a regular basis and meet other requirements prescribed by the instructor. An auditor is not required to turn in assignments or to take examinations. The credit option (audit to credit or credit to audit) may not be changed after the deadline for adding courses for credit. The fee for auditing is one-half the regular tuition.

CREDIT BY EXAMINATION

Credit may be granted by examination for a minimum score of 3 on the College Board Advanced Placement Testing Program.

The number of hours of credit obtained by **CLEP** may not exceed 39. Credit by **CLEP** may not be earned for a subject in which more advanced credit has been earned. Credit by CLEP may not be earned for a course if the prerequisite courses have not been taken.

Students may, prior to or during their first term of enrollment (for part-time or summer students prior to having completed fifteen hours), obtain degree credit for satisfactory performance (minimum score—scaled score of 500) on one or more of the **CLEP GENERAL EXAMINATIONS,** provided the student has not been enrolled in

a comparable course for more than thirty calendar days. Six semester hours of credit may be obtained for each of the five General Examinations areas: English, Humanities, Mathematics, Natural Sciences, and Social Sciences-History.

To receive credit in English Composition, a student must also take the essay portion of the **CLEP General English** test which will be graded by the Department of English at the College.

All credit by the **CLEP General Examinations** is elective credit with the exception of English Composition, which satisfies the freshman English requirement.

A maximum of 30 semester hours credit may be obtained through the **CLEP General Examination Program.**

William Carey College grants credit for **CLEP SUBJECT EXAMINATIONS** (minimum scaled score of 50) in lieu of enrollment in equivalent courses which are applicable to the degree program in which the student is enrolled. Students may take Subject Examinations at any time during their college career, provided they have not been enrolled in the equivalent course for more than thirty calendar days. Credit may not be received for both the Subject Examination and its equivalent, either in another examination or in a course taken for credit.

Credit by examination may not exceed eight semester hours in any area or discipline. Such credit may be entered on a record only after the student has earned twelve hours of credit in classroom courses at William Carey College.

A **maximum** of 15 semester hours of credit may be obtained through CLEP Subject Examination College Board Advanced Placement Program.

CHANGE OF PROGRAM

(Dropping and Adding Courses)

1. No change of schedule, either in dropping a course or adding a course, may be made except by permission of the dean of the school concerned.
2. **A fee of $10** will be charged for each change of schedule unless the change is requested by the college authorities.
3. No student may register for a course that has had six hours of class meetings before he enters the class.
4. Courses dropped **within the first five weeks** of a semester or the first two weeks of a ten-week term will be recorded as W (withdrawn). Courses dropped **after these dates and before the middle of a semester** are recorded as WP (withdrawn passing) or WF (withdrawn failing), and courses dropped **after the midterm** are recorded as failures. Any student dropping a course at any time without the required approval of the dean receives an F in that course.

WITHDRAWAL

1. A student desiring to **withdraw from the college** must file a written request and obtain permission from the academic vice president and the business manager.
2. **Refunds** upon withdrawal will be made only on condition that official permission has been granted. See the procedure outlined in the catalogue under the heading of "Financial Regulations."

ATTENDANCE REGULATIONS

Students are expected to attend classes. The greatest benefits from any college course can be obtained only when there is full co-operation between students and faculty. Excessive absences may seriously affect the work of

the whole class as well as that of the individual students who are absent. Individual faculty members set their own attendance regulations for their classes and inform their students of them; however, no credit may be obtained for any course in which the student has been absent for more than one-fourth of the class sessions. The total number of absences of each student shall be reported for each class by each faculty member at time of filing semester grade reports.

CLASS MEETINGS

All courses meet one hour per week for each semester credit hour unless different meeting hours are specified in the course descriptions.

TRANSCRIPTS

Transcripts are issued by the office of the registrar.

1. An official transcript is one bearing the signature of the registrar and the seal of the college and is mailed directly to whatever official may be designated.
2. When a transcript (bearing the stamp "Issued to Student") is given to the person whose credits are transcribed thereon, the college assumes no responsibility for its accuracy after it leaves the registrar's office.
3. One transcript is issued without charge. Each transcript after the first costs two dollars.
4. Transcripts of credit will not be issued for those whose accounts are in arrears.

EXAMINATIONS, GRADES AND QUALITY POINTS

1. Examinations are given during the last week of each semester/term.
   a. No final examination may be held at any other time than that designated by the administration. A final examination by special arrangement may be given only by permission of the academic vice president. A fee of $25.00 per exam is charged for this service.
   b. All fees must be paid before examinations may be taken.
2. No student will be granted a report of grades or a transcript of any kind until his account is settled in the business office.
3. Semester grades are issued to students.

	Quality Points per Semester Hour
A Excellent	**4**
B Above average	**3**
C Average	**2**
D Below average	**1**
F Failure	**0**
I Incomplete	**0**
P Pass	**0**
R Repeat	**0**
N Course in progress	**0**
W Course dropped within first five weeks of the semester or first two weeks of the term	**0**
WP Withdrew passing	**0**
WF Withdrew failing	**0**

A grade of **"I" (incomplete)** will be assigned only when unavoidable circumstances prevent completion of the work of the course on schedule. When the work is completed satisfactorily, the **"I"** may be changed to any grade. If a grade of **"I"** is not changed to a passing grade by the end of the next semester, it will automatically be changed to "F."

Each junior or senior student is permitted to take one course each semester/term on a pass/fail basis. The course must be selected at the time of registration, and it must not be in the student's major or minor fields or in the core curriculum requirements for all degrees. A total of four courses may be taken on this basis.

Students taking developmental courses (English 100, English 105, Mathematics 100 or Study Skills) will receive grades of 'P' for passing and will receive credit for the course, or a grade of 'R' which indicates they must repeat the course.

A student may repeat any course he wishes, not to exceed at William Carey College a total of six repeats for the degree.

COMPUTATION OF GRADES

Grade point averages are based on the number of hours attempted rather than the number of hours passed. This will include all hours attempted at William Carey College and all transfer credits. Grades of **I** (current), **N, P, R, W** and **WP** will not be counted in the total hours attempted.

ACADEMIC DISCIPLINE

Hours attempted	GPA required to be in good standing
0-30	1.40
31-59	1.70
60 and above	2.00

The grade point average will be based on William Carey College credits only, but the hours attempted will be based on William Carey College credit plus all transfer credits. Student not meeting the minimum standards as set forth will be placed on academic probation. Students on academic probation may not register for more than fourteen hours on the semester system and not more than eleven hours in the ten-week term. When a student attains the required academic average on all of his work, he is officially removed from the probationary status. If a student is on academic probation for two consecutive semesters/terms, he will be suspended. Letters of probation and suspension will be mailed shortly after the end of each semester/term excluding the summer session. Suspended students who feel they have extenuating circumstances may appeal to the Academic Appeals Committee. A student who is suspended may apply for readmission after one academic term.

SCHOLASTIC HONORS

President's List and Dean's List

1. Those meeting the following requirements are included in the **President's List** and **Dean's List.**
   (a) The student must carry no less than twelve semester hours of work exclusive of activity hours during the semester on which the scholastic average is based.
   (b) The scholastic average must be 4.0 for the President's List and at least 3.25 for the Dean's List.
   (c) The grades for the semester on which the scholastic average is based must include no mark lower than C or an incomplete.

2. Graduation **Distinctions.** To receive graduation distinctions, a student must earn grades on at least sixty hours in college, at least half of which must be earned at William Carey College.
   (a) A student who has earned a 3.6 quality point average shall be graduated **cum laude.**
   (b) A student who has earned a 3.8 quality point average shall be graduated **magna cum laude.**
   (c) A student who has earned a 3.9 quality point average, with no grade below B, shall be graduated **summa cum laude.**

3. Graduation **Honors**
   A student who completes an honors project which is accepted by the Honors Council graduates with honors in the subject of his project.

COURSE NUMBERING SYSTEM

Each course is identified by a three-digit number. Generally, the first digit indicates the level of instruction: "1" for freshman, "2" for sophomore, "3" for junior, and "4" for senior. The letter "H" added to any course number indicates an honors section.

The numbers 190, 290, 390, and 490 are used throughout the college to designate courses that will be named when taught. These courses give three hours credit and meet three hours a week on a regular schedule.

The numbers 193, 293, 393, and 493 are used in most departments to designate workshops that will be named when offered, for example, "Sociology 493: Workshop on Problems of Aging." A workshop thus numbered gives one to three hours of credit.

The numbers 149, 249, 349, and 449 are used to designate courses in independent study.

The number 499 is used to designate an honors thesis or a leadership project. A student may register for it only on invitation of a faculty member who wishes to supervise it. Normally the student registers for it two or three times, and his work continues for two or three semesters. Each thesis or project, if finally approved by the student's department and the Honors Council, is awarded credit for either three or six hours and entitles the student to graduate with honors in his major subject.

TRANSFER CREDITS

A maximum of sixty-four semester hours may be earned in a junior college to be applied toward a degree at William Carey College. Once a student has reached junior standing, i.e., with sixty semester hours, he may not transfer a course from a junior college.

Any student enrolled at William Carey College who wishes to earn credits at another college will make an application in advance to the academic vice president through his dean/adviser. The student must be in good standing at William Carey before such permission will be granted to take the course elsewhere during any term.

Some grades of D may transfer if the student has a cumulative grade point average on all transfer credit (for all college work attempted) or C (2.0) or above.

Courses of Instruction

AREAS OF STUDY

DEPARTMENT OF ART

The aims of the Department of Art are to help the student discover and develop artistic and creative capabilities and to offer professional training to the student who desires to pursue a career in art or art education.

The Department of Art offers two major programs of study: the Bachelor of Fine Arts with the major and minor available in Drawing and Painting; and the Art Major in the Bachelor of Arts curriculum.

TEACHER CERTIFICATION

Students majoring in art meet the requirements for special subject field education. Certification for teachers in Mississippi may be obtained by meeting the basic professional education requirements.

Details of programs and suggested four-year plans of study are available upon request.

REQUIREMENTS FOR A MAJOR

Art: Thirty-nine hours, including 101, 102, 108, 109, 206, 207, 405, 406, plus fifteen semester hours of art electives.

Total hours for each of the following Bachelor of Fine Arts programs represent requirements for the major concentration plus a minor in studio art.

Drawing and Painting: Forty-two hours of art, including 208, 209, 213, 303, 307, 310, 311, 312, 313, 401, 405, 406, 413, 450; an art minor, including 102 and 109; nine hours electives.

REQUIREMENTS FOR A MINOR

Art: Eighteen hours in art, including 102, 109, 206, 207, plus six hours of art electives.

COURSE DESCRIPTIONS (ART)

Certain specimens of studio work executed by students may be retained at the discretion of the department for its collection and for exhibitions of student work. Prerequisites will be waived by the instructor only for persons of exceptional ability and/or previous training.

101. Basic Drawing I: (Three Hours) Exercises in contour, gesture and modeled drawing. Work in charcoal and pencil.

102. Basic Drawing II: (Three Hours) Application of skills gained in Art 101 to advanced media and techniques. Pen and ink, wash, mixed media. Prerequisite: ART 101.

108. Design I: (Three Hours) Fundamentals of design and color.

109. Design II: (Three Hours) A continuation of Design I. Emphasis on three dimensional design. Prerequisite: ART 108.

200. Appreciation of Art: (Three Hours) An appraisal of great works of art, traditional and contemporary , approached through slide-lectures and research.

206. Art History Survey I: (Three Hours) Lectures and slides of great epochs of art from the Stone Age through the 1850's.

207. Art History Survey II: (Three Hours) The development of modern art from 1850 to present.

208. Figure Drawing I: (Three Hours) Drawing from the model with a variety of media.

209. Figure Drawing II: (Three Hours) A continuation of Art 208. Advanced problems in technique and composition. Prerequisite: ART 208.

303. Sculpture: (Three Hours) An inventive exploration into three-dimensional form. Experiments with new and traditional concepts. Prerequisites: ART 102, ART 209.

307. Oil Painting: (Three Hours) Techniques and styles of oil painting. Prerequisites: ART 102, ART 109.

310. Acrylic Painting: (Three Hours) Introduction to acrylic painting techniques. Prerequisites: ART 102, ART 109.

311. Printmaking I: (Three Hours) Serigraphy and collography. Prerequisites: ART 108, ART 109.

312. Printmaking II: (Three Hours) Intaglio, relief and embossment. Prerequisites: ART 102, ART 109.

313. Watercolor Painting: (Three Hours) Problems in transparent watercolor. Prerequisites: ART 102, ART 109.

401. Advanced Painting: (Three Hours) Advanced problems in a choice of media. Prerequisites: ART 304, ART 307, or ART 313.

405. Art of the Renaissance: (Three Hours) Prerequisites: ART 206, ART 207.

485. _____. (One to Six Hours) Special projects in art.

DEPARTMENT OF BIOLOGICAL SCIENCES

ASSOCIATE PROFESSOR PORTER (Chairman)

ASSISTANT PROFESSOR BAILEY

ASSISTANT PROFESSOR SINGLETARY

The Department of Biology has a two-fold objective. It provides the core curricular needs of the life sciences, and it prepares its majors adequately for the pursuit of specialized studies or for teaching at the secondary level. The laboratory experiences are intended to give something of the flavor of the process of science to accompany the products of science gained in the classroom. Pre-professionals are counseled in their curricular endeavors and are assisted in making applications for testing or other enrollments.

REQUIREMENTS FOR A MAJOR IN BIOLOGY

Biology: Required courses for the major from the Department of Biology include two semesters of either General Biology (BIO 101 & BIO 102) or General Zoology (BIO 103 & BIO 104), Botany (BIO 205), Genetics (BIO 310), and either General Physiology (BIO 308) and Comparative Anatomy (BIO 307 or BIO 301 & BIO 302) or both semesters of Anatomy and Physiology (BIO 234 & BIO 235). In addition three elective courses in biology, one from each of the following three categories is required.

Morphology Category: BIO 340, BIO 407, BIO 409
Physiology Category: BIO 312, BIO 451, BIO 470, BIO 471
Diversified Category: BIO 303, BIO 305, BIO 403, BIO 452, BIO 473

A minimum of 34 semester hours of biology is required.

Courses required from the Department of Chemistry for the biology major include two semesters of Inorganic Chemistry (CHE 111 & CHE 112) and two semesters of Organic Chemistry (CHE 211 & CHE 212).

Suggested electives include mathematics, physics, computer science and biochemistry.

Exception — Persons completing the requirements for the Pre-Med/Med Tech Program will also receive a Biology major.

REQUIREMENTS FOR A MAJOR IN BIOLOGY EDUCATION

Students majoring in biology education must satisfactorily complete the course work of the basic professional education requirements as outlined by the Department of Education on page 69, and the following courses: Inorganic Chemistry I and II, General Zoology I and II, Botany, Microbiology, Genetics, Comparative Anatomy, General Physiology, and Environmental Biology.

Medical Technology: See pp. 60-62.

Radiological Technology: See page 65.

REQUIREMENTS FOR A MINOR

Biology: Required courses include either two semesters of General Biology (BIO 101 & BIO 102) or General Zoology (BIO 103 & BIO 104), Botany (BIO 250), Genetics (BIO 310) and one upper level elective. (minimum of 19 semester hours)

BIOLOGY

(Laboratory Fees — $25 each semester)

101. General Biology I: (Three Hours) A course introducing the student to biological principles including chemistry, the structure and functions of cells, heredity, and an introduction to tissues. Three hours lecture.

101L. General Biology I Laboratory: (One Hour) Laboratory designed to accompany 101. Concurrent registration in 101 required. One three-hour period.

102. General Biology II: (Three Hours) A course dealing with structure and function in organisms, population studies, ecology, and the environment.

102L. General Biology II Laboratory: (One Hour) Laboratory designed to accompany 102. Concurrent registration in 102 required. One three-hour period.

103. General Zoology I: (Three Hours) General zoological principles and processes are emphasized as well as development, form, and functions of the body system. Three hours lecture.

103L. General Zoology I Laboratory: (One Hour) Laboratory designed to accompany 103. Concurrent registration in 103 required. One three-hour period.

104. General Zoology II: (Three Hours) Particular attention is given to morphologic and phylogenic adaptations and ecological and evolutionary relationships of vertebrates and invertebrates. Three hours lecture.

104L. General Zoology II Laboratory: (One Hour) Laboratory designed to accompany 104. Concurrent registration in 104 required. One three-hour period.

111. Medical Terminology: (One Hour) The study of technical terms used in medicine.

234. Anatomy and Physiology I: (Three Hours) A general study of the anatomy and physiology of the cells, tissues, skeletal system, cardiovascular system, and muscles of the human body. Prerequisite: BIO 103 or permission of departmental chairman. Three hours lecture.

234L. Anatomy and Physiology I Laboratory: (One Hour) Laboratory designed to accompany 234. Concurrent registration in 234 required. One three-hour period.

235. Anatomy and Physiology II: (Three Hours) A study of the nervous, digestive, respiratory, endocrine, and urogenital systems. Prerequisite: BIO 234. Three hours lecture.

235L. Anatomy and Physiology II Laboratory: (One Hour) Laboratory designed to accompany 235. Concurrent registration in 235 required. One three-hour period.

250. Botany: (Three Hours) A course introducing structures, function, and classification in plants. Three hours lecture.

250L. Botany Laboratory: (One Hour) Laboratory designed to accompany 250. Concurrent registration in 250 required. One three-hour period.

301. Comparative Anatomy I: (Two Hours) A study of the similarities and differences in the structure of vertebrate bodies and an analysis of the significance of these comparisons. Laboratory work involves a system-by-system comparison of the shark, cat, and human. Prerequisite: Biology 103 and 104 of their equivalents. Two hours lecture. Available **only** on the Gulf Coast campus.

301L. Comparative Anatomy I Laboratory: (One Hour) Laboratory designed to accompany 301. Concurrent registration in 301 required. One three hour laboratory a week.

302. Comparative Anatomy II: (Two Hours) A continuation of Biology 301. Prerequisite: Biology 103 and 104 or their equivalents. Two hours lecture. Available **only** on the Gulf Coast campus.

302L. Comparative Anatomy II Laboratory: (One Hour) Laboratory designed to accompany 302. Concurrent registration in 302 required. One three-hour period.

303. Mycology: (Two Hours) A general lecture and laboratory study of pathogenic fungi to acquaint the student with the methods of staining and identifying such organisms as well as the correlation of laboratory data with infectious processes. Two hours lecture. Prerequisite: BIO 305.

303L. Mycology Laboratory: (One Hour) Laboratory designed to accompany 303. Concurrent registration in 303 required. one three-hour period.

305. Microbiology: (Three Hours) A general survey of bacteria and allied microorganisms. The role of microorganisms in nature, health, food preservation and industry is considered. Basic techniques of preparation of media, culturing, sterilization and staining are taught in the laboratory. Prerequisite: Chemistry. Three hours lecture.

305L. Microbiology Laboratory: (One Hour) Laboratory designed to accompany 305. Concurrent registration in 305 required. Three hours laboratory.

306. Introduction to Pharmacology: (Three Hours) An overview of the physiological action of drug groups including intended action, side effects and toxicology. Practical information on dispensing, dosages, administration, and regulation is also to be included.

307. Comparative Anatomy: (Three Hours) A study of the similarities and differences in the structure of vertebrate bodies and an analysis of the significance of those comparisons. Laboratory work involves a system-by-system comparison of the shark, cat, and human. The course is designed for premedical, predental, and biology majors. Prerequisite: Biology 103-104. Three hours lecture.

307L. Comparative Anatomy Laboratory: (Two Hours) Laboratory designed to accompany 307. Concurrent registration in 307 required. Two three hours laboratories.

308. General Physiology: (Three Hours) A course covering the basic physiology of the cell and vertebrate systems. Course is designed for pre-med and biology majors. Prerequisite: Biology 103-104. Three hours lecture.

308L. General Physiology Laboratory: (One Hour) Laboratory designed to accompany 308. One three-hour period.

310. Genetics: (Three Hours) A general introduction to the fundamental principles of heredity with applications to human traits, diseases, behavior, population genetics and evolution, and genetic counseling. Prerequisite: Biology 101 or 103. Three hours lecture.

310L. Genetics Laboratory: (One Hour) Optional laboratory designed to accompany 310. Concurrent registration in 310 required. One three-hour period.

312. Introduction to Pathology: (Three Hours) An introduction to the basic processes of disease on the system, organ, and cellular level. Slides, museum specimens, and models illustrate pathological changes.

321. Diagnostic Bacteriology I: (Three Hours) Clinical methods and techniques for identification of pathogenic organisms presented, including specimen handling, preparation of media, culturing, sterilization, quality control, and laboratory safety. The role of gram-positive organisms in disease and their identification emphasized. Prerequisite: Microbiology.

321L. Diagnostic Bacteriology I Laboratory: (One Hour) Laboratory designed to accompany 321. Concurrent registration in 321 required. One three hour laboratory per week.

322. Diagnostic Bacteriology II: (Three Hours) Sequel to Bacteriology I with emphasis on gram-negative organisms.

322L. Diagnostic Bacteriology II Laboratory: (One Hour) Laboratory designed to accompany 322. One three hour laboratory per week.

325. Hematology I: (Three Hours) The study of hematopoiesis, normal cell maturation and function, hemostasis, and coagulation. The principles and techniques of most routine hematology and coagulation procedures (to include manual and automated cell counts) will be given.

325L. Hematology I Laboratory: (One Hour) Laboratory designed to accompany 325. One three hour laboratory per week.

326. Hematology II: (Three Hours) The course presents the study of the bone cell, bone marrow, morphology, hematopoeisis, and hemostasis in the disease state. Hematology procedures (including special stains) and results to be correlated with pathologies.

326L. Hematology II Laboratory: (One Hour) Laboratory designed to accompany 326. One three hour laboratory per week.

329. Immunohematology: (Three Hours) An introduction of red cell antigens and antibodies, the course studies the basic principles and laboratory techniques of blood banking, including donor selection and antibody identification. Prerequisite: BIO 451.

329L. Immunohematology Laboratory: (One Hour) Laboratory designed to accompany 329. One three hour laboratory per week.

330. Body Fluid Analysis: (Two Hours) This course includes biochemical testing and microscopic analysis of urine, cerebrospinal fluid, miscellaneous body fluids and feces. Emphasis is on kidney functions and applications in the clinical laboratory.

330L. Body Fluid Analysis Laboratory: (One Hour) Laboratory designed to accompany 330. One three hour laboratory per week.

401. Biochemistry: (Four Hours) A fundamental course in biochemistry covering chemistry of organic compounds, metabolism, membrane structure and function, and protein synthesis.

402. Applied Biochemistry: (Three Hours) Measurement and pathological significance of the products and components of the major body systems such as amino acids, lipoproteins, vitamins, hormones, enzymes and bilirubin are studied. Drugs and toxic substances are also covered. Methodologies appropriate in these areas are included. Prerequisite: Biochemistry.

402L. Applied Biochemistry Laboratory: (One Hour) Laboratory designed to accompany 402. One three hour laboratory per week.

403. Environmental Biology: (Three Hours) Biotic and non-biotic elements of an environment are considered, noting their influence upon individual organisms and upon populations within eco-systems. Population controls, food chains, and pollutants are major topics of study. Man is dealt with as an organism influencing his environment. Prerequisite: Six hours of biology. Three hours lecture.

403L. Environmental Biology Laboratory: (One Hour) Laboratory designed to accompany 403. Concurrent registration in 403 required. One three-hour period.

404. Seminar: (One Hour) One hour discussion sessions on student selected current topics in biology. Staff participation. Required of biology majors but open to others.

405-406. Biological Research: (One to Eight Hours) This course is designed to allow biology majors to pursue further study in a specialized area of their own interest. An instructor is assigned to guide the student in his chosen study. Suggested areas of research include clinical methodology, pathology, ecology, physiology, immunology, horticulture, microtechniques and science education.

407. Vertebrate Embryology: (Three Hours) An introductory course of study in embryology. Special emphasis is given to the early development of the frog, the chick, and the pig. Prerequisite: Biology 103-104. Three hours lecture.

407L. Vertebrate Embryology Laboratory: (One Hour) Laboratory designed to accompany 407. Concurrent registration in 407 required. One three-hour period.

409. Vertebrate Histology: (Three Hours) A course covering the structure of vertebrate tissues and organs on the microscope and ultrastructure level. Techniques used in the preparation of materials for histological study will also be introduced.

409L. Vertebrate Histology Laboratory: (One Hour) Laboratory designed to accompany 409. Concurrent registration in 409 required. One three-hour period.

451. Immunology/Serology: (Three Hours) Studies the principles of acquired and natural immunity with references to antigens, antibodies, immune response, complement, and susceptibility as well as the concepts of illmediated immunities and immunopathology. The student will be instructed in the theory, practice, and application of modern serological testing and their use in the medical diagnostic laboratory. Three hours lecture a week. Prerequisite: Microbiology.

451L. Immunology/Serology Laboratory: (One Hour) Laboratory designed to accompany 451. Concurrent registration in 451 required. One three-hour period.

452. Human Parasitology: (Two Hours) Treats the classification of parasites of pathologic importance to man, including protozoan cysts, trophozoites, blood parasites, metazoan species, helminths, and medical entomology. Lecture two hours. Prerequisite: Microbiology.

452L. Human Parasitology Laboratory: (One Hour) Laboratory designed to accompany 452. Concurrent registration in 452 required. One three-hour period.

464. Anatomy in Radiological Technology: (Three Hours) The study of the structure and systems of the human body with emphasis on the structures of importance in radiology. Advanced standing required. Three hours lecture.

464L. Anatomy in Radiological Technology Laboratory: (One Hour) Laboratory designed to accompany 464. Concurrent registration in 464 required. One three-hour period.

466. Advanced Radiographic Technique: (Three Hours) An advanced course designed to aid the technician in processor management and contrast-density control. Advanced standing required. Three hours lecture.

470. Cell Physiology: (Three Hours) Structure and function of cytoplasmic and nuclear components of the cell. Three hours lecture.

GULF COAST RESEARCH LABORATORY PROGRAM

William Carey College is affiliated with the Gulf Coast Research Laboratory at Ocean Springs, Mississippi. This institution is operated by the Board of Trustees of the Institutions of Higher Learning of the State of Mississippi.

Credit earned at the Research Laboratory is sent directly to the registrar of Carey College. Courses are offered only during the summer. The cost per semester hour is approximately the same as that for work taken on the campus.

MEDICAL TECHNOLOGY BACHELOR DEGREE PROGRAM

Curriculum

The curriculum is designed to accommodate both full-time and part-time students. Substitution and/or credit for equivalent courses will be given wherever possible to transfer students. Assessment testing is required in the major courses. A student may transfer up to 72 hours from another college.

Clinical Education Experience

This phase includes laboratory instruction and practice as well as lecture reviews. The student spends twenty-six weeks (5 days a week, 8 hours a day) in the clinical phase. The study and use of Quality Control is included in each area. An audio visual self-study, "Look, Listen, and Learn," is used by students in their rotation to supplement instructional exposure.

The student will be tested in the Affective Domain preceding the Clinical Education Experience. The tests will include a personality profile, work and study habits, and interpersonal relationships. These tests will be administered by Special Services with subsequent evaluation and counseling offered. This is to ensure the student of a comfortable transition to the hospital setting.

A student will be required to become full-time when entering this phase of the program. A student with no previous clinical experience will be required to spend twenty-six weeks at an affiliated clinical site. A student with clinical experience will be evaluated on an individual basis which will include recognition and credit based on documented past experience, acceptable certification, and/or competence testing in the affiliated clinical site. A minimum of thirteen weeks will be required on the accelerated basis to complete the requirements for this phase of the degree program.

Four-Year Program: See below.

Graduation

The student must have acquired a minimum cumulative GPA of 2.5 in the major and not have received any D's in the major courses or BIO 305 and CHE 405.

MEDICAL TECHNOLOGY FOUR-YEAR PROGRAM

The first three and one-half years are taken at William Carey College and the last six months at Methodist Hospital in Hattiesburg or the V. A. Hospital in Biloxi. This program is N.A.A.C.L.S. approved. For details of the program, see above.

The courses in the MTC major will vary in sequence.

The faculty reserves the right to make curricular changes to maintain standards consistent with the changing needs of society and of the profession.

COURSES REQUIRED FOR THE MAJOR (MTC)

101. Introduction to Medical Technology: (One Hour) The incoming student is introduced to the objectives of the profession, first by a practical exposure in the affiliated hospital laboratory, and then by a brief introduction to the general curriculum with lab math and basic instrumentation included. Recommended for sophomore students. One hour lecture.

102. Orientation in Medical Technology: (One Hour) The student is acquainted with the organizational structure and career objectives of his profession and to professional ethics in the laboratory and health science community. Recommended for senior students. One hour lecture.

103. Introduction to Education and Management: (One Hour) The methods of instruction and measurement and the theories of management and task maturity are presented as a basis for their application in the clinical laboratory. Recommended for junior and senior students. One hour lecture.

104. Laboratory Math and Quality Control: (One Hour) An introduction to methods of statistical evaluation used in quality control, and the use of mathematical formulas necessary for analytical quantitation.

105. Seminar: (One to Three Hours) This seminar is for the purpose of reviewing those courses taken in the previous fall and/or a course in which the student feels a review would be beneficial subsequent to entering the clinical phase.

301. Diagnostic Bacteriology I: (Three Hours) Clinical methods techniques for identification of pathogenic organisms presented, including specimen handling, preparation of media, culturing, sterilization, quality control, and laboratory safety. The role of gram-positive organisms in disease and their identification emphasized. Prerequisite: Microbiology.

301L. Diagnostic Bacteriology I Laboratory: (One Hour) Laboratory designed to accompany 301. Concurrent registration in 301 required. One three hour laboratory per week.

302. Diagnostic Bacteriology II: (Three Hours) Sequel to Bacteriology I with emphasis on gram-negative organisms.

302L. Diagnostic Bacteriology II Laboratory: (One Hour) Laboratory designed to accompany 302. Concurrent registration in 302 required. One three hour laboratory per week.

305. Hematology I: (Three Hours) Hematopoiesis, with the RBC's maturation, morphology, and function in the normal and pathology state is studied. Laboratory testing (manual and automated) and special stains are included. Peripheral and bone marrow slides as well as case studies are presented. Prerequisite: Human Physiology.

305L. Hematology I Laboratory: (One Hour) Laboratory designed to accompany 305. Concurrent registration in 305 required. One three hour laboratory per week.

306. Hematology II: (Three Hours) This course covers the WBC's role in hematopoiesis and is presented with the same format as above. Hemostasis, normal and abnormal, with means of testing and correlation for diagnosis is also given as a segment of this semester. Prerequisite: Human Physiology.

306L. Hematology II Laboratory: (One Hour) Laboratory designed to accompany 306. Concurrent registration in 306 required. One three hour laboratory per week.

307. Medical Chemistry I (Three Hours) An introduction to typical instrumental methods of analysis. Methods, instruments, quality control, and the physical principles on which they are based are discussed.

307L. Medical Chemistry I Laboratory: (One Hour) Laboratory designed to accompany 307. Concurrent registration in 307 required. One three hour laboratory per week.

308. Medical Chemistry II: (Three Hours) Measurements and pathological significance of the products and components of the major body systems such as amino acids, lipoproteins, vitamins, hormones, enzymes and bilirubin are studied. Drugs and toxic substances are also covered. Methodologies appropriate in these areas are included. Prerequisite: Biochemistry.

308L. Medical Chemistry Laboratory II: (One Hour) Laboratory designed to accompany 308. Concurrent registration 308 required. One three hour laboratory per week.

309. Immunohematology: (Three Hours) An introduction to red cell antigens and antibodies, the course studies the basic principles and laboratory techniques of blood banking, including donor selection and antibody identification. Lecture 3 hours, laboratory 3 hours. Prerequisite: BIO 451.

309L. Immunohematology Laboratory: (One Hour) Laboratory designed to accompany 309. Concurrent registration in 309 required. One three hour laboratory per week.

310. Body Fluid Analysis: (Two Hours) This course includes biochemical testing and microscopic analysis of urine, cerebrospinal fluid, miscellaneous body fluids and feces. Emphasis is on kidney functions and its application in the clinical laboratory. Lecture 2 hours, laboratory 3 hours. Prerequisite: Physiology.

310L. Body Fluid Laboratory: (One Hour) Laboratory designed to accompany 310. Concurrent registration in 310 required. One three hour laboratory per week.

401. Clinical Urinalysis: (One Hour) A one-week clinical practicum dealing with biochemical testing and microscopic examination of urine. Prerequisite: MTC 309.

402. Clinical Chemistry: (Three Hours) A seven-week chemistry practicum with emphasis on automation to include accuracy, limitations, and dynamics of these procedures; special chemistries to include electrophoresis and manual procedures; R.I.A. procedures. Prerequisite: MTC 307, 308.

403. Clinical Hematology: (Two Hours) A general five-week practicum of hematology procedures; coagulation procedures; and cell morphology, including bone marrow studies. Prerequisite: MTC 305, 306.

404. Clinical Bacteriology: (Two Hours) A six-week clinical practicum in the isolation and identification of organisms from clinical materials, and correlation of laboratory data with infectious processes. The isolation and identification of fungi is included. Prerequisite: MTC 301, 302.

405. Clinical Serology: (One Hour) A one-week clinical practicum covering the diagnostic application of agglutivation, flocullation, complement fixation, and precipitation as well as fluorescent techniques. Prerequisite: BIO 451.

406. Clinical Parasitology: (One Hour) A one-week review in the isolation techniques and identification of parasitic organisms from clinical materials. Prerequisite: BIO 452.

407. Clinical Immunohematology: (Two Hours) A general four-week clinical practicum in blood banking procedures, donor processing, and problem cross-matching, including antibody identifications. Prerequisite: MTC 309.

408. Special Problems: (One Hour) Emphasis is given to any weak areas perceived in the previous twenty-five weeks of clinical experience and to the education and management domains.

BIO 303, BIO 451, BIO 452: For descriptions of these biology courses see pages 58 & 60.

RADIOLOGICAL TECHNOLOGY FOUR-YEAR PROGRAM

The student takes his major in radiological technology at a junior college or in a hospital-based school of radiological technology, or in the armed forces. Then he enters William Carey College to complete the requirements for the bachelor's degree by taking courses chosen as a minor and courses in general education as required by the college for that degree.

The radiological technology B.S. degree program is comprised of three basic phases. At the completion of these phases the degree is awarded.

PHASE I — CORE REQUIREMENTS (See page 40)

PHASE II — MAJOR REQUIREMENTS

The college will award the student 30 hours for passing the R.T. registry. Seven hours must be taken at the college. These courses are BIO 464 (Anatomy in Radiological Technology and BIO 466 (Advanced Radiographic Techniques) or research in radiological technology.

PHASE III — MINOR REQUIREMENTS

The student chooses his minor. The program is administered by the Department of Biology. This does not infer that the biology minor is required. The various minors available are listed on pages 46-47 in the catalog. For the courses required in each minor, please consult the index for the department responsible for the minor in question.

VETERINARY MEDICINE

The applicant to a school of veterinary medicine must show a minimum of two years of acceptable college work.

DEPARTMENT OF CHEMISTRY AND THE PHYSICAL SCIENCES

PROFESSOR WEST (Chairman)

The courses in this department are designed to meet the interests and needs of the following students (1) those wishing to acquaint themselves with some the of the fundamental principles of the physical sciences (2) those whose professional goals require a foundation in chemistry and physics, including those preparing to teach; (3) those whose major interest is in chemistry.

Students desiring teacher certification should refer to page 70 in this catalog.

REQUIREMENTS FOR A MAJOR

The courses required for a major or a minor are listed below by sets to facilitate proper section of course sequences.

(a) Chemistry 111, 112, 211, 212
(b) Chemistry 301, 302, 405, 410, 490, and Physical Chemistry

Chemistry: Thirty-two semester hours, including (1) all courses for set (a); (2) at least four courses from set (b); and (3) Mathematics 151 and Physics 101, 102.

REQUIREMENTS FOR A MINOR

Chemistry: Eighteen semester hours, including (1) all courses from a set (a) and (2) one course from set (b).

Laboratory Fees — $25 each semester.

CHEMISTRY (CHE)

111-112. Inorganic Chemistry: (Four Hours Each Semester) Designed for the science majors. Three hours lecture and three hours laboratory each week.

211. Organic Chemistry: (Five Hours) Three hours lecture and six hours laboratory or quiz section per week.

212. Organic Chemistry: (Four Hours) A continuation of Chemistry 211. Three hours lecture and three hours laboratory each week.

301-302. Analytical Chemistry: (Four Hours Each Semester) Three hours lecture and three hours laboratory each week.

405. Biochemistry: (Four Hours) Prerequisite: 211-212.

410. Qualitative Organic Analysis: (Four Hours) Prerequisite: Chemistry 212.

415. Instrumental Analysis: (Four Hours) Prerequisite: Chemistry 112. Three hours lecture and three hours laboratory each week.

418. Methods of Teaching Chemistry in the Secondary School: (Three Hours) This course will prepare the student receiving an endorsement in chemistry to teach chemistry is in the secondary school.

PHYSICAL SCIENCE (PHS)

151. Physical Science: (Three Hours)

201. Earth and Space Science: (Three Hours)

PRE-MEDICINE

Each student, consulting with the pre-medical advisor, should develop a proficiency in a specific area while in undergraduate school. The student must show credit for at least three years of college work, totaling no less than 90 acceptable semester hours. Medical schools do show preference to applicants who have completed the baccalaureate degree before entering medical school.

Required courses:

BIO 103-104	8
CHE 111-112	8
CHE 211-212	9
PHY 101-102	8
MAT 131-132	6
ENG 101-102	6
ADVANCED SCIENCE	6

Science courses designed for nonscience majors are not acceptable. All required science courses must have a laboratory.

Examples of advanced science courses are biochemistry, analytical chemistry, physical chemistry, comparative anatomy, embryology, genetics, histology, calculus, differential equations, and advanced physics.

The student should work closely with his advisor to ensure that the electives are approved elective courses. A partial list of approved elective courses includes advanced English, sociology, psychology, philosophy, history, geography, foreign language, computer science, fine arts (up to 6 semester hours) and selected advanced courses in mathematics, chemistry, physics and biology.

PRE-DENTISTRY

It is recommended that each student, consulting with the pre-dental advisor, develop a proficiency in a specific area while in undergraduate school. The applicant to a dental school must show 90 acceptable semester hours of undergraduate work; however, a baccalaureate degree is recommended.

Required courses:

English	12
Behavioral Sciences	6
Inorganic Chemistry	8
Organic Chemistry	9
Advanced Chemistry or Biology	4
Physics	8
Zoology	8
Algebra and trigonometry	6

Suggested advanced chemistry and biology courses include Analytical Chemistry, Biochemistry, Physical Chemistry, Embryology, Histology, Immunology, Microbiology, Bacteriology, Cell Physiology, and Comparative Anatomy. All required science courses must have a laboratory and science courses designed for nonscience majors are unacceptable.

A partial list of recommended elective courses includes history, sociology, psychology, philosophy, computer science, foreign language, advanced English, fine arts (up to 6 semester hours), and selected advanced courses in mathematics, chemistry, physics and biology.

DEPARTMENT OF EDUCATION

PROFESSOR POUND

ASSOCIATE PROFESSOR CHAPMAN

ASSOCIATE PROFESSOR POWELL

ASSOCIATE PROFESSOR RICHMOND

ASSOCIATE PROFESSOR D. WHEELER

ASSISTANT PROFESSOR F. SMITH

ASSISTANT PROFESSOR WALDRIP

INSTRUCTOR GOSSAGE

INSTRUCTOR ROBBINS

The purpose of the Department of Education is to provide professional training and study that will prepare the education student to pursue a career in the field of Education. This training is characterized by course content, field assignments, practicums, and clinical experiences.

The Department of Education is responsible for the development of undergraduate curricula in (1) Elementary Education, (2) Secondary Education, and (3) other add-on certification areas and for supervision and preparation of teachers with majors in those areas.

TEACHER EDUCATION COUNCIL

Teacher Education is considered to be an institution-wide function at William Carey College. The Teacher Education Council broadly represents the departments interested in the preparation of teachers for elementary and secondary schools.

The Teacher Education Council formulates policies for teacher education consistent with state law and subject to the approval of the President and the Board of trustees of William Carey College. These policies deal with philosophy and objectives, organization and administration, curricula and student personnel services. Curriculum changes must be approved by the Academic Council and/or the Graduate Council.

SELECTIVE ADMISSION AND RETENTION IN TEACHER EDUCATION POLICIES AND PROCEDURES

I. Admission procedures:

A. Students must make application for admission to the professional program in teacher education at least six weeks prior to the end of any given semester. the schedule for applying is as follows:

1. Students will normally make application for admission by the end of their sophomore year in college, or as students in Education 300, whichever is first.
2. All students must be formally admitted before they will be permitted to enroll in any professional courses other than Education 300 or Education 472.

B. All applications for admission will be processed by the Committee on Selective Admission and Retention in Teacher Education (SARTE). The Committee will maintain individual files on all applicants for review when necessary.

C. Students who make proper application will be admitted into the professional program without delay when they meet the requirements outlined below:

1. Achieve and maintain an overall grade-point average of 2.5 or better on forty-four semester hours of the teacher education liberal arts core.
2. Achieve a score at the certification level or higher on the Communication and General Knowledge sections of the National Teacher Examination.

3. Achieve a grade of C or better in English 101 and 102. (Students who have earned a D in English 101 and 102 may be conditionally admitted to the professional program in teacher education. However, they must remove the condition by re-scheduling English 101 and/or 102 and earning a grade of C or better the following regular semester or summer session they enroll at William Carey College.
4. Achieve a grade of C or better in Education 300.

II. Retention procedures:

The committee on Selective Admission and Retention in Teacher Education will review the status of students formally admitted to the professional program in teacher education and will take proper action in the following instances:

A. When advisors or other faculty members request the committee to review the continued eligibility of a student.

B. When the grades of a student warrant such a review (consistent failing grades, a failure to make normal progress.)

C. When the student makes application for student teaching.

D. When the supervising teacher, the school principal, or the director of field experiences indicates unsatisfactory progress in student teaching.

STUDENT TEACHING REQUIREMENTS

A student may take Directed Teaching (EDU 483, EDU 484, EDU 496) in one of the cooperating school districts during his senior year provided the following requirements have been met:

1. Be a senior (completed at least ninety semester hours)
2. Have been admitted to Teacher Education for one semester.
3. Pass a proficiency examination in standard English communication.
4. Have earned an overall grade point average of 2.5 or better.
5. Have earned grades of C or better in all professional education courses.
6. Have earned a grade of C or better in all courses in major teaching field.
7. Make an application for spring semester student teaching by September 30th of the preceding semester or make an application for fall semester student teaching by March 15th preceding the fall semester.
8. Have approval of the Chair of the Department of Education.
9. Have achieved a score at the certification level or higher of all parts of the core battery and specialty area of the National Teacher Examination. The student must have scores reported to the Mississippi State Department of Education.
10. Have gained approximately 100 hours of professional laboratory experiences prior to registering for student teaching.
11. Have a statement for his/her department chair certifying that he/she is competent in the subject area in which he/she is seeking certification.
12. Must have completed all specialty and professional courses with a minimum grade of C or better in each course.

Student teachers are required to spend a regular, all-day, full semester in the student teaching program. The student is required to complete the seminar on the MTAI during the student teaching semester. A total of 12 full weeks must be devoted to student teaching experiences. A minimum of 140 clock hours in actual teaching is required.

REMEDIAL READING SPECIALIZATION

To add-on remedial reading certification, certified elementary education teachers must take EDU 308, EDU 411, EDU 441 and EDU 474.

N-3 EARLY CHILDHOOD NON-CERTIFICATION PROGRAM

Students may complete a program in early childhood education which is not a teacher certification program.

SECONDARY EDUCATION
REQUIREMENTS FOR TEACHING HIGH SCHOOL SUBJECTS

Students who plan to teach at the high school level should major in a secondary subject matter field. Secondary teaching certification requirements include the college core (outlined elsewhere in this catalog for the BA and BS degree), additional teacher education core courses, the specialty area courses (outlined under the respective department sections of this catalog), and all professional education courses including EDU 300, EDU 341, EDU 342, EDU 472, EDU 484, and PSY 204.

Secondary teaching certification is offered in Biology, Business, Chemistry, English, General Science, Mathematics, Social Studies, Spanish, and Speech Communication and Drama.

SPECIAL SUBJECT AREAS

Students who want to teach in the areas of art, music, physical education are certified to teach grades K-12.

Those students pursuing degree programs that meet K-12 certification requirements must complete the college core (outlined elsewhere in this catalog for BA, BS, and BME degrees), additional teacher education core courses, the specialty area courses listed within the respective departments, and professional course including EDU 300, EDU 341, EDU 472, EDU 496, and PSY 204.

EDUCATION COURSES (EDU)

300. Introduction and Foundations of Education: (Three Hours) An overview of the teaching profession with emphasis on functions of the school, school policies, school law, and the effects of court decisions on educational practice.

300L. Pre-teaching Field Experience: (0-One Hour) A 21-hour field experience in a local school. Should be taken concurrently with EDU 300. Transfer students must take this course for one-hour credit if field experiences were not required. (Pass/Fail grade)

307. Language Arts in the Elementary School: (Three Hours) The teaching of listening, speaking, writing, and reading skills is explored with an emphasis upon the development of language/communication skills.

308. Basic Skills in Reading: (Three Hours) A study of the components of the reading process with an emphasis on word recognition, comprehension, and study skills.

313. Teaching Mathematics in the Elementary School: (Three Hours) Methodology based on current research and practice is explored with an emphasis upon mathematical understandings and problem-solving skills.

318. Fine Arts in the Elementary School: (Three Hours) A study of the aesthetic and creative development of the child. The philosophy and intergration of music and art into the curriculum is emphasized.

337. Physical Education in the Elementary School: (Three Hours) The development of appropriate physical education activities for elementary age children is explored.

338. Child Development: (Three Hours) A survey of the physical, social, emotional, and cognitive development of young children. Required to add kindergarten certification to existing elementary certificate.

341. The Management of Instruction: (Three Hours) The planning of lessons, units, and education objectives is emphasized. Different approaches to teaching, classroom management, uses of various media, and relating instruction to meet individual needs of students are emphasized.

342. Tests, Measurements, and Evaluation: (Three Hours) The study of the measurement and evaluation of student learning with both criterion and norm-referenced procedures.

345. Teaching _____in the Secondary School: (Three Hours) The study of methods and problems related to teaching in the student's major field. (Prefix is determined by student's major.)

385. Kindergarten Education and Practicum: (Three Hours) A study of appropriate educational practices and programs in kindergarten with an emphasis on Mississippi guidelines. The class includes seminars and teaching experiences in a local kindergarten class. Prerequisites: EDU 307, EDU 308, EDU 313.

409. Principles of Early Childhood: (Three Hours) An in-depth study of the theory, organization, curriculum, and development of early childhood programs. Required of students who wish to add kindergarten certification to an existing elementary certificate.

411. Teaching Developmental and Corrective Reading: (Three Hours) A study of the methods and materials of elementary reading as a developmental process and the diagnosis and remediation of reading difficulties. Prerequisite: EDU 308.

441. Practicum in Reading: (Three Hours) Provides relevant practicum experiences in evaluation and remediation of reading difficulties. Prerequisites: EDU 308, EDU 411.

445. Literature for Children: (Three Hours) A study of the classic and current literature for children in print and non-print media. The intergration of literature into the elementary school curriculum is emphasized.

447. Social Studies in the Elementary School: (Three Hours) The scope and sequence of the elementary social studies curriculum is examined. An emphasis is placed on the development of concepts and generalizations appropriate for the elementary child.

448. Science in the Elementary School: (Three Hours) The development and philosophical basis of science process skills is explored. Teaching science through discovery and hands-on experiences is emphasized.

449. Independent Study in Education: (One to Six Hours) This course will be designed to supplement the credit hours needed to fulfill requirements for teacher certification. Students must secure permission of the Academic Vice-President and the Chair of the Education Department to take this course.

472. Survey of the Exceptional Child and Multicultural Education: (Three Hours) A study of exceptionalities from the gifted to the profoundly handicapped. Includes a multicultural component which explores the diverse ethnic, cultural, and linguistic backgrounds of students and techniques for providing an effective relevant education.

474. Reading in the Middle and Secondary School: (Three Hours) The development of reading skills in the content areas is explored. Emphasis is on helping the middle and secondary school student read more effectively.

483. Directed Teaching in the Elementary School: (Twelve Hours) The student is assigned to an approved supervising teaching in a local school for a full semester. Attendance at scheduled seminars on the MTAI is required.

484. Directed Teaching is the Secondary School: (Twelve Hours) The student is assigned to an approved supervising teacher in a local school for a full semester. Attendance at scheduled seminars on the MTAI is required.

496. Directed Teaching in Special Subject Areas (Art, Health and Physical Education, and Music): (Twelve Hours) The student is assigned to an approved supervising teacher in a local school for a full semester. Attendance at scheduled seminars on the MTAI is required.

DEPARTMENT OF HEALTH, PHYSICAL EDUCATION, RECREATION, AND COACHING

PROFESSOR WADDLE (Chairman)

ASSISTANT PROFESSOR KNIGHT

INSTRUCTOR HALFORD

The purpose of the Department is to provide opportunity for the individual to learn activities which are invigorating and enjoyable and will lead to positive physical, emotional, mental, and spiritual growth. Emphasis is placed on physical growth by stressing the importance of developing and maintaining a strong, sound body. The emotional, mental, and spiritual growth of the individual is enhanced through development of sport skills which will enable him to participate in worthwhile recreational activities. Through these activities he will be able to make emotional and mental adaptions.

It is also the aim of the Department to give physical education majors, minors, and coaches a clear understanding of procedures, methods, techniques, and materials for effective, competent teaching and coaching.

REQUIREMENTS FOR A MAJOR

Physical Education: Thirty-Six semester hours from any courses in health or physical education.

REQUIREMENTS FOR A MAJOR WITH EMPHASIS IN TEACHER CERTIFICATION

Physical Education Certification: Thirty-Six semester hours, including: HEA 230, HEA 323, PED 231, PED 325, PED 324, PED 331, PED 333, PED 336, PED 433, PED 435, PED 436, PED 437, PED 337 and PED 339 must be taken as methods courses. Additional certification requirements are listed under teacher certification in the Education Department.

DRIVER EDUCATION

To meet certification requirements the student must take HEA 230, HEA 321, HEA 331, and HEA 332.

REQUIREMENTS FOR A MINOR

Coaching: Twenty-One semester hours, including PED 222, PED 331, PED 333, and PED 432. Nine hours may be elected from any other theory courses.

Physical Education: Eighteen semester hours, including PED 337 and PED 339. Twelve semester hours may be elected from any other theory courses.

Recreation: Eighteen semester hours, including REC 301, REC 302, REC 303, REC 304, REC 305 and PED 112. Three hours may be elected from PED 331 or PED 333.

GENERAL INFORMATION

Physical Education Majors: Each student majoring in Physical Education must take PED 211 and PED 212 to meet the college core requirements.

Activity Fees: A fee of $1 is charged for each activity course.

Intercollegiate Competition: Competition is provided in basketball and tennis for both men and women and in baseball and soccer for men. A varsity athlete may receive a maximum of four semester hours' credit for intercollegiate competition in each of these sports.

Excuses: No student will be excused from participation in the activity courses except the physically handicapped. Students who are unable to participate in an activity course may be permitted to take courses in theory subjects of health education to make up for the deficiency in hours incurred by physical disability. It is suggested that courses such as First Aid and Personal Health be substituted for the required activity courses.

PHYSICAL EDUCATION (PED)

222. Organization of Practice and Scouting of Team Sports: (Three Hours) Principles for organizing and administering a practice session. Scouting techniques for football, basketball, and baseball.

231. History of and Introduction to Physical Education: (Three Hours) Physical education in American from the Colonial days to the present.

324. Anatomy-Physiology: (Three Hours) A study of the physical structure of the body and how each system relates in its function.

325. Motor Development and Creative Rhythms for Elementary School: (Three Hours) The development and refinement of skillful performance in gymnastics, rhythms, and games.

330. The Theory and Practice of Coaching Football: (Three Hours)

331. The Theory and Practice of Coaching Basketball: (Three Hours)

333. The Theory and Practice of Coaching Baseball: (Three Hours)

336. Kinesiology: (Three Hours) The scientific principles of movement, muscles and muscular actions, and mechanical principles, such as levers, laws of motion, stability, and momentum.

337. Teaching Physical Education in Elementary Schools: (Three Hours) A study of principles of learning, principles of teaching, class organization, teaching techniques, and materials of elementary school.

339. Methods of Teaching Physical Education in Secondary School: (Three Hours) A study of principles of learning, principles of teaching, class organization, teaching techniques, and materials of secondary school.

432. The Care and Prevention of Sports Injuries: (Three Hours) Basic fundamentals and techniques in the prevention, diagnosis, treatment, and care of injuries.

433. Organization and Administration of Physical Education: (Three Hours) General principles of administration and their effects upon the organization of a physical education program.

435. Physiology of Exercise: (Three Hours) A study of the body and how it reacts to internal and external changes. Three hour lecture each week.

436. Tests and Measurements in Physical Education: (Three Hours) Techniques of constructing, administering and analyzing written and skill test in health and physical education.

437. Physical Education for the Exceptional Child: (Three Hours) The nature of certain physical and mental handicaps and methods for working with handicapped students in a physical education program.

HEALTH EDUCATION (HEA)

130. Comprehensive Health and Hygiene: (Three Hours) Basic body structure; body functions; the causes, cures, and prevention of diseases; current health problems.

230. First Aid: (Three Hours) Methods of caring for injuries and applying first aid to the injured, together with methods of preventing injuries and accidents.

240. Nutrition and Diet Therapy: (Three Hours) Role of nutrition in high level wellness. Therapeutic diets prescribed for common medical problems.

321. Methods of Safety: (Three Hours) Methods of preventing automotive, pedestrian, and school accidents.

323. Consumer Health: (Three Hours) A study of the effects tobacco, alcohol and other drugs have on the body; drug abuse in today's society; the eating habits of today's young people; and family relationships.

331. Introduction to Driver Education: (Three Hours) Critical analysis of factors essential to operating an automobile.

332. Methods of Driver and Safety Education: (Three Hours) Techniques and methods of teaching driver and safety education in secondary schools.

RECREATION (REC)

301. Outdoor Recreation: (Three Hours) This course is designed to give students an overview of outdoor recreation. Emphasis will be given in camping, canoeing, fishing, and hiking.

302. Intramural: (Three Hours) This course is designed to give students the knowledge of how to organize an intramural program in a recreational setting.

303. Recreation for Children: (Three Hours) This course is designed to give students the knowledge of recreational games for children and young adults.

304. Recreation for Adults: (Three Hours) This course is designed to give the students the knowledge of recreational games for adults and how to administer a program for senior citizens.

305. Practicum in Recreation: (Three Hours) Practical field experience under the supervision of a specialist.

ACTIVITY COURSES (PED)

100. Orientation to Activity: (One Hour) Two hours a week.

111. Aerobics: (One Hour) Two hours per week.

112. Human Wellness: (One Hour) Two hours a week.

114. Golf: (One Hour) Two hours a week.

117. Badminton: (One Hour) Two hours a week.

118. Tennis: (One Hour) Two hours a week.

DEPARTMENT OF LANGUAGE AND LITERATURE

PROFESSOR LOTT (Chairman)

PROFESSOR McCRORY

ASSISTANT PROFESSOR EASTERLING

ASSISTANT PROFESSOR SCOTT

The aims of the English courses are to help the student learn to write with a high level of accuracy, effectiveness, and fluency; to give emphasis to research techniques, particularly for prospective graduate students in English; and to help the student to develop the ability to read critically and appreciatively the best of English, American, and continental literature.

The aims of the foreign language courses are to develop foreign language skills to enable the student to engage in oral or written communication with other peoples of the world and give him an auxiliary skill in professions such as business, the ministry, social issues, nursing, etc.; to develop in the student a "linguistic sense" whereby he may be able to compare his native tongue with other languages; to give the student, through is readings in each foreign language, a background of culture of the nations using this language; to enable the student to read scientific, literary, and other treaties in a foreign language.

REQUIREMENTS FOR A MAJOR

English: Thirty-six hours. Each English major is urged to select courses leading to a well-balanced program which should prepare him adequately for secondary school teaching or for graduate school. A program of this type may consist of three semester hours from each of the following: (1) Chaucer or Seventeenth Century, (2) Shakespeare, (3) Eighteenth Century or Romantic Literature, (4) Victorian Literature, (5) Contemporary Literature, (6) American Literature. 101-102. Elementary German: (Six Hours)

103. German Reading for Beginners: (Six Hours) A review of pronunciation and grammar and selected readings of cultural materials. Prerequisite: German 101-102 or the equivalent.

203. Intermediate German Readings: (Three Hours) Prerequisite: German 103 or the equivalent. Offered on demand.

SPANISH (SPA)

101-102. Elementary Spanish: (Six Hours)

103. Spanish Reading for Beginners: (Three Hours) A course for students who desire to learn only the reading skill. Offered on demand.

201-202. Intermediate Spanish: (Six Hours) A review of pronunciation and grammar and selected readings of cultural materials. Prerequisite: SPA 101-102 or the equivalent.

203. Intermediate Spanish Reading: (Three Hours) Offered on demand. Prerequisite: Spanish 103 or the equivalent.

303. Reading Spanish Literature: (Three Hours) Prerequisite: Spanish 202 or the equivalent.

305. Advanced Grammar and Composition: (Three Hours) An intensive review of grammar and composition. Prerequisite: Spanish 202 or the equivalent. Offered on demand.

307. Conversational Spanish: (Three Hours) Prerequisite: Spanish 201 and permission of the instructor. Offered on demand.

311-312. Survey of Spanish Literature: (Six Hours) Representative masterpieces. Prerequisite: Spanish 202. Offered on demand.

350. Life and Culture of Latin America: (Three Hours) A study of all aspects of Latin American life. Offered on demand.

DEPARTMENT OF MATHEMATICS AND PHYSICS

PROFESSOR GASTON SMITH (Chairman)

ASSISTANT PROFESSOR EHDE

INSTRUCTOR HILL

The aims of the Department of Mathematics are: (1) to give each student enrolled in the department of insight into the nature of mathematics and to acquaint him with some of its fundamental principles, (2) to offer the appropriate mathematical preparation to students pursuing a course of study for which certain mathematics courses are prerequisites, and (3) to provide training for those students whose major interest is mathematics, including those preparing to teach mathematics in secondary schools, those seeking industrial employment, and those planning to do graduate work in mathematics.

REQUIREMENTS FOR A MAJOR

Mathematics: A major consists of thirty semester hours including Mathematics 151, 152, 251, 252, and eighteen additional hours in courses numbered above 252. The specific program of study for each student is planned with the consultation and approval of his advisor.

REQUIREMENTS FOR A MINOR

Mathematics: A minor consists of eighteen semester hours including Mathematics 151, 152 and six semester hours numbered above 252. No course numbered below 131 is to be used in meeting the requirements for a minor in mathematics.

REQUIREMENTS FOR TEACHER CERTIFICATION

To be certified to teach mathematics in secondary schools in Mississippi, a student should follow the course of study given on page 70 of this catalog.

MATHEMATICS (MAT)

No student will be allowed to enroll in a mathematics course numbered below MAT 131 after he has earned credit in a mathematics course numbered MAT 131 or above unless such a course is required in his program.

100. Elementary Mathematics: (Three Hours) A course that is designed to provide basic skills in arithmetic, algebra, and geometry. Whole numbers, fractions, decimals, percentage problems, beginning algebra, formulas and measurement. The class meets five times a week.

116. Fundamental Mathematics: (Three Hours) A course that treats the basic principles of sets, logic, the real number system and its subsystems, geometry, measurement, and probability.

121. Intermediate Algebra: (Three Hours) A course that treats beginning and intermediate topics in algebra including quadratic equations and systems of linear equations. Prerequisite: one unit of high school algebra.

131. College Algebra: (Three Hours) Prerequisite: Two units of high school algebra or Mathematics 121.

132. Trigonometry: (Three Hours) Prerequisite: Two units of high school algebra or Mathematics 121.

220. Elementary Statistics: (Three Hours) Frequency distributions, central tendency, disperson, normal distribution, and sampling. Prerequisite: Two units of high school algebra, Mathematics 116 or Mathematics 121.

151. Calculus with Analytic Geometry I: (Three Hours) Topics will include limits, derivatives, and applications of derivatives. Prerequisite: Mathematics 131.

152. Calculus with Analytic Geometry II: (Three Hours) Topics will include the definite integral, analytic geometry, and transcendental functions. Prerequisite: Mathematics 132 and Mathematics 151.

251. Calculus with Analytic Geometry III: (Three Hours) topics will include applications of integration, indeterminate forms, improper integrals, and infinite series. Prerequisite: Mathematics 152.

252. Calculus with Analytic Geometry IV: (Three Hours) Topics include vectors, analytic geometry in three dimensions, partial derivatives, and multiple integrals. Prerequisite: Mathematics 251.

253. Differential Equations: (Three Hours) A first course in differential equations. Differential equations of the first order, applications, linear differential equations and series methods. Prerequisite: Mathematics 251.

335. Foundations of Mathematics: (Three Hours) Logic, sets, relations, functions, denumerable sets, cardinal numbers, and ordered sets, with emphasis throughout on the nature and technique of mathematical proof. Prerequisite: Mathematics 131.

336. Probability: (Three Hours) An introduction to probability with some statistical applications. Equally likely events, finite sample spaces, and random variables. Prerequisite: Mathematics 131.

338. Discrete Mathematics: (Three Hours) Topics will include sets, mathematical induction, relations and functions, algorithms, difference equations, graphs, combinatorics, and Boolean algebra. Prerequisite: Mathematics 131.

341. Linear Algebra: (Three Hours) A first course in linear algebra. Vector spaces, linear transformations, matrices, systems of linear equations, and determinants. Prerequisite: Mathematics 131.

391. Mathematics and Physics for Radiological Technologists: (Four Hours) An introduction to the basic mathematics and physics of electricity, magnetism, x-rays and radiation equipment. Three hours lecture and three hours laboratory a week.

436. Geometry: (Three Hours) Euclidean and non-Euclidean geometries with emphasis given to their logical development from basic assumptions. Prerequisite: Mathematics 151.

441. Abstract Algebra: (Three Hours) The algebraic structure of the rational, real, and complex numbers. Prerequisite: Mathematics 151.

451. Advanced Calculus: (Three Hours) An intensive and detailed study of continuous and differentiable functions. Prerequisite: Mathematics 252. Offered on demand.

471. History and Philosophy of Mathematics: (Three Hours) The origins, philosophy, and chronological development of the mathematical sciences with emphasis on mathematical concepts and their interrelations. Prerequisite: Mathematics 252.

PHYSICS (PHY)

(Laboratory Fees — $25 each semester)

101-102. General Physics: (Four Hours Each Semester) A study of the fundamental principles of mechanics and sound the first semester; of heat, light, magnetism, and electricity, the second semester. Prerequisite: Mathematics 131, 132. Three hours lecture and three hours laboratory a week, both semesters.

211-212. Engineering Physics: (Four Hours Each Semester) A study of the principles of physics with calculus designed especially for pre-engineering students. Prerequisite: Mathematics 151. Three hours lecture and three hours laboratory a week, both semesters. Offered on demand.

ENGINEERING GRAPHICS (EGR)

101. Engineering Drawing: (Three Hours) A basic course in graphical expression including the use of mechanical drawing instruments, lettering, dimensioning, free-hand sketching, projection, and multiview representation. Two hours lecture and three hours laboratory per week. Offered on demand.

ENGINEERING
FOUR-YEAR PROGRAM

Two years at William Carey College followed by two years in residence at a school of engineering.

DEPARTMENT OF PSYCHOLOGY

PROFESSOR RIVERO (Chairman)

ASSOCIATE PROFESSOR COTTEN

ASSOCIATE PROFESSOR WHEELER

The purposes of the Department of Psychology are

1. ***To offer an undergraduate major in psychology which will serve as a concentration for the liberal arts student.***
2. ***To prepare students for graduate study leading to an advanced degree for the professional psychologist.***
3. ***To enable students to gain a better understanding of themselves and others and to learn to cope effectively with their environments.***
4. ***To provide services for other departments and schools within the college to supplement their curricula and to enable their students to fulfill the requirements for certification in their respective fields such as education, medicine, music, nursing, and religion.***

A student majoring in psychology may choose a degree program suitable to his plans for the future. He may work toward the B.A. or the B.S. degree.

Laboratory fee $25.00 per semester for PSY351 and PSY 441.

REQUIREMENTS FOR A MAJOR

Psychology: Thirty-five hours, including 202, 204, 303, 327, 351, 430, 441, 410 and nine additional hours.

REQUIREMENTS FOR A MINOR

Psychology: Twenty-one hours, including 201, 303, 351, 410, and eight additional hours.

COURSE DESCRIPTIONS (PSY)

201. General Psychology: (Three Hours) The fundamentals of psychology. Emphasis on learning, motivation, emotion, perception, psychological measurement, personality, behavior disorders, and physiological bases of behavior. Each Semester. This course is a prerequisite for all other courses in Psychology.

202. Child Psychology: (Three Hours) Significant aspects of child growth and development from the standpoint of psychology and related disciplines. Emphasis on principles of growth, stages of physical growth, motor development, and behavior pertaining to social, intellectual, and personality development.

203. Adolescent Psychology: (Three Hours) Significant aspects of adolescent behavior and development. Emphasis on physical, mental, social, emotional, and moral development of adolescents. Spring semester.

204. Educational Psychology: (Three Hours) The study of the process of learning and the behavior of children in school. Emphasis on teacher personality; the relationships of growth, learning and teaching; the nature of the learner; intelligence and individual differences; and the improvement of the teaching-learning situation. Fall semester.

305. Developmental Psychology: (Three Hours) A life-span approach to the study of human development emphasizing the physical, social, and cultural influences on the cognitive and psychological processes of the individual.

306. Dynamics of Personality: (Three Hours) Theories of personality and human behavior for effective living.

318. Social Psychology: (Three Hours) The role of psychology in the investigation and evaluation of interpersonal relationships. Spring semester.

327. Counseling Psychology: (Three Hours) This course is designed to provide students with an orientation to counseling psychology. Emphasis on counseling theories and practices. Spring semester.

351. Introduction to Psychological Statistics: (Four Hours) (Lab Course) A foundation for more advanced courses in statistics. Computation of measures of central tendency, variability, and correlation. Tests of significance and introduction to analysis of variance. No mathematical ability is assumed beyond the basic skills of arithmetic and algebraic manipulations. Fall semester.

410. Abnormal Psychology: (Three Hours) The dynamics of normal and abnormal behavior and of major psychoses and psychoneuroses, and a survey of modern therapy. Spring semester.

427. Counseling the Sick and Dying: (Three Hours) Patient, professional, and family perspectives.

430. History and Systems of Psychology: (Three Hours) A historical survey of psychology with special reference to schools of psychology. Careful study of current systems of psychology.

441. Experimental Psychology: (Four Hours) (Lab Course) Introduction to psychological experimental techniques. Experiments include (1) learning, memory and thinking and (2) sensations and perception. Prerequisites: Psychology 201 and 351. Fall semester.

450. Principles of Behavior Modification: (Three Hours) A study of behavioral modification techniques for use in the classroom, home, clinic, and industry as well as public and private institutions for treatment of "problem" behaviors.

481. Internship in Psychology: (One to Six Hours) Actual work experience which is supervised by the employer and the academic advisor. Prerequisite: Psychology 327.

483. Practicum in Psychology: (One to Six Hours) Directed work in the psychology laboratory or other suitable supervised practical work experience.

DIVISION OF MISSIONS AND BIBLICAL STUDIES

PROFESSOR BRAIDFOOT (Chairman)

PROFESSOR LAIRD

ASSOCIATE PROFESSOR CROCKETT

ASSISTANT PROFESSOR BAILEY

ASSISTANT PROFESSOR SMITH

INSTRUCTOR HIX

The Division of Missions and Biblical Studies seeks (1) to inform and enrich every student's understanding of the Judeo-Christian historical, literary, and theological heritage, (2) to instruct undergraduate Religion majors from a liberal arts perspective as to prepare them for graduate level study, and (3) in an introductory manner, to prepare students for missions service or ministerial leadership roles.

REQUIREMENTS FOR A MAJOR

Religion: The Bachelor of Arts in Religion includes thirty hours of coursework in addition to the core curriculum courses. The following courses are required for the thirty-hour major in Religion; REL 201, 202, 301, 302, 310, 320, 401, 402, 410, and 420.

Students who major in Religion are required to take a minor. A minor in any area within the Arts and Sciences is recommended (i.e. Art, Biology, Chemistry, English, Foreign Language, History, Mathematics, Philosophy, Political Science, Psychology, Sociology, Communication, or Theatre).

Core Curriculum for the Religion Major

REL 101-102	6 hours
PHI 201	3 hours
ENG 101-102	6 hours
Literature	6 hours
Foreign Language[1]	12 hours
Fine Arts (Art, Music, or Theatre Appreciation)	3 hours
COM 101	3 hours
HIS 101-102	6 hours
Sociology/Political Science/Economics	3 hours
Psychology	3 hours
Laboratory Science	4 hours
MAT 131	3 hours
Physical Education	2 hours
Total	**60 hours**

REQUIREMENTS FOR A MINOR

Religion: The Religion minor includes fifteen hours of coursework in addition to REL 101-102. The required courses for the Religion minor are: REL 201 or 202, 301 or 302, 310 or 410, 320 or 420, and 401 or 402.

[1]The student may take six hours of Greek and six hours of Hebrew, or 12 hours in one modern language, excluding cultural literature courses.

Missions: The Missions minor includes fifteen hours of coursework in addition to REL 101-102. The required courses for the Missions minor are: REL 240, 340, 380, and an additional upper level course(s) selected in consultation with the student's advisor.

Church Vocations: The Church Vocations minor includes fifteen hours of coursework in addition to REL 101-102. The required courses for the Church Vocations minor are: REL 203, 330, 331, 430, 431.

DESCRIPTION OF COURSES

RELIGION (REL)

101. Introduction to the Old Testament: (Three Hours)[1] An introduction to the history, literature, and theology of the Old Testament.

102. Introduction to the New Testament: (Three Hours)[1] An introduction to the history, literature, and theology of the New Testament.

201. Ancient Near Eastern Cultures: (Three Hours) A study of the history, cultures, and religions of the ancient Near East from ca. 2000 B.C. to 586 B.C.

202. Intertestamental Cultures: (Three Hours) A study of the history, cultures, and religions in the Mediterranean basin from 586 B.C. to A.D. 135.

203. Introduction to Baptist Work: (Three hours) The history, function, structure, doctrine, and interrelationships of Southern Baptist denominational work. (This course is required of all Southern Baptist students who receive ministerial aid from the Mississippi Baptist Convention Board of Ministerial Education.)

240. Introduction to Christian Missions: (Three hours) A study of the biblical, theological, and practical foundations of Christian missions.

301. Principles of Interpretation: (Three Hours) A study of the history of biblical interpretation with attention being given to modern methods of biblical interpretation.

302. History of the Bible: (Three Hours) A study of the languages, texts, canons, and translations of the biblical literature; specific attention is given to the history of the English Bible.

310. History of Christianity (Three Hours) A study of Christianity's historical foundations, expansion, historical theology, and cultural influences.

320. Christian Theology: (Three Hours) A study of Christian theology from the standpoint of the New Testament, historical Christianity, and modern day systematic theological expression.

DEPARTMENT OF THEATRE AND COMMUNICATION

PROFESSOR QUAVE (Chairman)

ASSOCIATE PROFESSOR ROBERTS
INSTRUCTOR WINGO-CAFFEY
LECTURER BRACK

The objectives of the department of theatre and communication are (1) to improve the student's habits and abilities in communication in its various practical and artistic forms, and (2) to provide a background of knowledge and experience to help prepare the student for graduate or professional school and/or a career.

REQUIREMENTS FOR A MAJOR

Theatre: Forty-two semester hours, including COM 230 and 375.[1]

A student who desires a concentration in musical theatre follows an interdisciplinary program requiring sixty semester hours (the equivalent of a major and a minor). A typical program includes the following: THE 235, 240, 340, 430, 435, 436, COM 230, 375; two to five semester hours in movement/dance; plus electives in theatre; MUT 151, 152; MUM 305 or 306; eight semester hours of voice; three to six semester hours of piano; plus electives in music.[1]

Speech Communication and Theatre: Thirty-six semester hours, including COM 230, 375; and THE 235. This degree program should be selected by those planning to teach in the secondary schools and by those who desire a liberal arts degree with a communication-theatre emphasis.[2]

Any student majoring in one of the degree programs above must be active in the theatre program of the college during each semester in residence.

Communication: An interdisciplinary degree program requiring forty-two semester hours from communication, English, journalism, and business, as follows: COM 300, 301 381, 497; at least two courses selected from ENG 300, 305, 306, 315; at least two courses selected from JOU 205, 210, 312, 313, 405; at least two courses selected from BUS 209, 311, 313, 411, ECO 201, 202, OAM 455; plus approved electives.[3]

The flexibility permitted in the selection of courses in each degree program allows the individual student to plan a program of studies to meet his/her career goals. However, the selection of courses, as well as choices of a minor and general electives, must be approved by the academic advisor for the particular major.

REQUIREMENTS FOR A MINOR

Speech Communication and Theatre: Nineteen semester hours, including COM 230, 375, and THE 235. One hour of a laboratory course is required, but no more than one hour will apply in the requirements for the minor.

Theatre: Twenty-one hours, of which two to six must be in theatre laboratory.

Communication: Twenty-one hours.

Courses selected in each minor listed above must be approved by an advisor in the theatre-communication area.

TEACHER CERTIFICATION REQUIREMENTS

A student, to be certified to teach Speech Communication and Drama in the secondary schools of Mississippi, must complete the following requirements: (1) The core curriculum for the Bachelor of Arts degree; (2) Professional education requirements as outlined on page 69; (3) A major in Speech Communication and Theatre, including COM 101, 230, 375, 495; THE 235, 240, 435, 436; plus approved electives. Certification for teaching in other states is planned in consultation with the academic advisor.

CAREY DINNER THEATRE

Carey Dinner Theatre operates in the summer and presents two musical theatre productions. Auditions for prospective performers and interviews for prospective technicians are held in the spring. Each member of the company receives a scholarship stipend.

---

[1]The student who selects this major follows the degree plan for the Bachelor of Fine Arts degree.

[2]The student who selects this major follows the degree plan for the Bachelor of Arts degree.

[3]The student who selects this major follows the degree plan for the Bachelor of Arts or the Bachelor of Science.

THEATRE (THE)

135. Theatre Appreciation: (Three Hours)

235. Introduction to the Theatre: (Three Hours) The backgrounds and theories of the drama, a general introduction to the theatre, practical aspects of producing the play. Two hours lecture and three hours laboratory per week.

240. Acting I: (Three Hours)

335. Stagecraft: (Three Hours) Continuation of THE 235 with stress on technical theatre. Two hours lecture and three hours laboratory per week.

340. Acting II: (Three Hours) Prerequisite: THE 240.

345. Practicum in Stage Lighting: (One to Four Hours)

346. Practicum in Scenic Design: (One to Four Hours)

347. Practicum in Stage Costume: (One to Four Hours)

(Note: Practica require individual projects and practical experience. Prerequisite: THE 335 and consent of instructor.)

348. Stage Makeup: (Two Hours)

430. Musical Theatre: (Three Hours) Study of the history, forms, styles, and production techniques.

435. Play Directing I: (Three Hours) Prerequisite: THE 235, 240.

436. Play Directing II: (Two Hours) Prerequisite: THE 435.

440. History of the Theatre through the Renaissance: (Three Hours)

441. History of the Theatre since the Renaissance: (Three Hours)

125, 126, 225, 226, 325, 326, 425, 426. Theatre Laboratory: (One Hour Each Semester)

160. Movement and Dance for the Stage: (One Hour) Same as PED 160.

260. Movement and Dance for the Musical Theatre (Tap): (One Hour)

261. Movement and Dance for the Musical Theatre (Jazz): (One Hour)

360. Movement and Dance for the Musical Theatre (Modern): (One Hour)

361. Movement and Dance for the Musical Theatre (Ballet): (One Hour)

COMMUNICATION (COM)

101. Speech Fundamentals: (Three Hours) Training in the preparation and delivery of short speeches, in group communication, in listening and constructive evaluation, interpersonal and non-verbal communication.

230. Oral Interpretation of Literature: (Three Hours) Techniques of reading to an audience.

300. Persuasion: (Three Hours) Theory and practice of persuasion in public speaking; a study of how persuasion is employed to influence behavior in the mass media.

301. Survey of the Mass Media: (Three Hours) A study of the nature and impact of mass communication in contemporary society.

INTERDISCIPLINARY PROGRAMS

HONORS PROGRAM
Hattiesburg Campus, 1990-1991

BENNIE R. CROCKETT, JR., DIRECTOR

The honors program is designed for academically high-achieving students whom the college recognizes and awards with honors scholarships. Students participate, in the honors program at the invitation of the scholarship committee and the academic vice president based upon the student's abilities for advanced academic pursuits, interdisciplinary study, critical thinking, and independent research.

The curriculum in the honors program is composed of: 1) required selected core curriculum courses, 2) a required upper-level interdisciplinary course, and 3) an optional senior-level major subject area thesis. Honors students must complete all core curriculum requirements of the college, but selected "Honors" core curriculum courses are required for honors students. The honors program courses reflect an accelerated academic pace.

For freshman honors students admitted for the fall of 1990, **seven** of the ten honors core curriculum courses must be completed prior to graduation to meet honors program requirements. Of the seven courses, **five** courses must be on the freshman level, and **two** courses must be on the sophomore level.

Five of the following freshman level courses:

BIO 101—General Biology (Honors)
ENG 101—Copmposition (Honors)
ENG 102—Research and Composition (Honors)
HIS 101—World History to 1500 (Honors)
HIS 102—World History since 1500 (Honors)
REL 101—Introduction to the Old Testament (Honors)
REL 102—Introduction to the New Testament (Honors)

Two of the following three sophomore level courses, one of which must be either ENG 211 or ENG 212:

ENG 211—World Literature (Honors)
ENG 212—World Literature (Honors)
PHI 201—Survey of Philosophy (Honors)

Freshman honors students also are required to enroll in the upper-level interdisciplinary course when they attain upper-level classification. At the senior level, these students may enroll in the research thesis course.

Transfer honors students admitted for the fall of 1990 must complete the honors courses that they did not complete in comparable sections during their previous college work. For example, a student who completed ENG 101 Composition, whether it was an honors section or not, would not be required to take ENG 101 Composition (Honors). Additionally, all transfer students must take the three-hour, upper-level Honors interdisciplinary course. The senior level research thesis is optional but encouraged.

INTERDISCIPLINARY COURSES IN HONORS

HON 101, 102, 201, 202, 301, 302, 401, 402. Honors Program: (One Hour Each) Forum-like courses that treat topics ranging from great literary masterpieces to current developments in politics, economics and scientific achievement.

HON 390. Interdisciplinary Studies (Honors): (Three hours) An interdisciplinary seminar in which the interrelationships of the humanities, the arts, and selected professional studies are emphasized.

ASSOCIATE PROFESSOR WINTERS (Chairman)

PROFESSOR DOWNEY

ASSOCIATE PROFESSOR COTTON

ASSOCIATE PROFESSOR D'ARPA

ASSOCIATE PROFESSOR KEEVER

ASSISTANT PROFESSOR McLELLAND

INSTRUCTOR RHODEN

Music study at William Carey College is designed to realize the purpose and specific objectives of the college. Students are challenged to discover and develop their own musical capacities and interests, so they may fully realize their own self-expression, may enjoy music as recreation, or may utilize music as a profession.

DEGREES OFFERED

Bachelor of Arts [with a Major in Music. (I.)]

Bachelor of Music

MAJOR AREAS OF STUDY FOR THE B.M. DEGREE

II. MUV 40 Applied Voice Major (See A below)
III. MUC Church Music
IV. MUE Music Education
V. MUH Music Therapy
VI. MUI Piano Pedagogy

MUSIC CORE AND PERFORMANCE STUDY AREAS

A. Applied Music
MUP Piano
MUQ Organ
MUV Voice
B. MUG Ensemble
C. MUM Music History & Literature
D. MUT Music Theory

For academic courses, the letters show the area. The first digit shows the year in which the course is normally taken: (1) freshman; (2) sophomore; (3) junior; (4) senior. The second and third digits indicate course identification and level of advancement. Generally, when the third digit is odd, the course is offered in the fall semester; when it is even, in the spring semester.

ADMISSION TO MUSIC CURRICULA

All entering music degree students must satisfy the entrance requirements of the college.

The student majoring in music may choose a curriculum from among those listed as I. through VI., pp. 99, 100. A freshman may have the first year to determine a degree plan, but each student should indicate this choice not later than the end of the freshman year. However, each freshman should enroll in theory, applied music courses, and ensemble for the first year.

All entering freshmen and transfer students who desire to pursue a degree with a major or minor in music must appear before the music faculty at the times scheduled during the registration period for placement testing. This testing program is designed, not to affect the admission of the student to the Department of Music, but to establish the musical needs of the student and assist the faculty in counseling. Deficiencies of a level beyond that which may be reasonably absorbed in first year study may suggest the need for additional course work to remove them.

The placement testing program consists of placement tests in music theory and placement auditions for ensembles and applied music concentration and secondary areas. Students entering applied music courses will be expected to demonstrate the level of proficiency they have attained at a conference with the music faculty before or during orientation week of their first period of enrollment at William Carey College.

Each candidate should have a presentation of vocal and instrumental music representative of that student's highest level of proficiency. The vocal area should include two art songs, either sacred or secular, in their original language. The piano area should include two pieces similar to the following suggested repertoire: A. One French Suite movement or two-part invention by Bach or a Scarlatti sonata; B. Kuhlau, Clementi, Haydn, Mozart, or Beethoven sonatina or sonata movement; C. Schumann, Schubert, Grieg, Chopin, or other Romantic composer's work; D. A Twentieth Century composition. The organ area may be satisfied by demonstrating one's proficiency in piano. Selections may be drawn from A. through D. above, or they may be exemplary of more difficult literature. Information concerning literature for other instruments may be obtained upon request.

The credits of transfer students who seek advanced standing in applied music, theory, conducting, or instrumental techniques will be subject to evaluation by the faculty of the Department of Music. In applied music this evaluation will follow a ten to fifteen minute performance of literature representative of college level study or its equivalent. (For degree of difficulty of selected literature at each level, consult the Applied Music pamphlet obtainable from the Department of Music.) Theory validation examinations are scheduled for transfer students a few days before enrollment. Proficiency hearings in other areas may be requested during the first semester of study at Carey College except in applied music when regular jury examinations at the end of the first semester are used for evaluation of transfer credits. The music faculty will determine whether the courses in music which the student has taken at another institution are the equivalent of courses which are listed as requirements in the curriculum of the student's choice.

REQUIREMENTS FOR A MINOR

The minimum requirements for a minor in music are twenty hours, distributed as follows: MUT155; MUT156-8 hours; 4 hours chosen from: MUM205; MUM206, MUM305, MUM306, MUM403, or MUM404; 4 hours of applied music (4 semesters). The music minor declares a performance medium (organ, piano, or voice) and studies that medium for the required hours. Such study must culminate with the successful completion of a proficiency examination in that medium. [See proficiency requirements, p. 102]; 4 hours of ensemble; recital attendance for 4 semesters (no credit).

[*A six month internship in an NAMT approved facility must precede graduation.]

CURRICULUM PLAN VI. Bachelor of Music with a Major in Piano Pedagogy (129 Hours) **General Core Requirements:** (42 Hours [9 additional hours of Fine Arts are included in music courses]); **Music Core:** 30 Hours (MUT155; MUT156; MUT255; MUT256; MUM205; MUM206; MUM306; Ensemble-8 Hours); **Applied Performance Requirements:** 20 Hours (16 Hours, concentration; 4 Hours, secondary); **Piano Pedagogy Major:** 37 Hours (Obtain a curriculum plan from the Department of Music.)

APPLIED MUSIC

Lessons

To meet the applied music requirements for any degree with a major or concentration in applied music, each student will be required to enroll in a major or concentration each semester of degree study until hour and recital requirements have been met. Enrollment is for the full semester, and no refund in fees will be made for absence from lessons. In the event of extended illness, fees may be adjusted according to the circumstances.

Class lessons meet one fifty-minute session per week in a fifteen-week term for one hour of credit. Private lessons meet two twenty-five minute periods or one fifty-minute period per two or more hours credit in a fifteen-week period. In ten-week terms, private lessons meet one forty-five minute lesson per week per one hour of credit.

A student who must be absent from a scheduled lesson is required to notify the teacher at least an hour before the beginning of the lesson. If such notice is not given, the student forfeits the right to a make-up lesson.

Lessons missed by the teacher will be made up at the mutual convenience of the teacher and student.

The number of lessons per semester will depend upon the number of lesson hours falling on regular school days, not including college holidays. Lessons missed because of holidays or official school events will not be made up.

Practice Requirements

Practice hours are assigned on a weekly basis. The number of hours per week will depend upon the amount of credit to be received. Two semester hours of credit require a minimum of one hour per day of practice, or six hours per week. Three hours of credit requires one and one half hours of daily practice, or nine hours per week; four hours of credit requires two hours of daily practice or twelve hours per week.

The schedule for private lessons and practice hours is arranged by the teacher after enrollment is complete and fees are paid.

All practice is to be done in the private rooms provided in Thomas Hall unless the student is excused by the chairman of the Department of Music.

RECITAL REQUIREMENTS

For Majors: A student who pursues the B.M. degree with a major in vocal performance (see Curriculum II) will present a half-recital (25 to 35 minutes in performance) in the junior year and a full recital (45 to 55 minutes in performance) in the senior year in order to satisfy the performance requirements for the degree. No academic credit is given for any recital.

For Concentrations: A student who pursues the B.M. degree with a concentration in any applied music area (Curricula III, IV, & VI) will present a half-recital in the senior year at the discretion of the faculty and the chairman of the Department of Music.

Recital Hearings. No later than two weeks prior to the scheduled recital date, each student who presents a junior or senior half or full recital to meet degree requirements will perform that recital before a faculty jury. No recital may be presented in public without this faculty approval.

Student Recitals. The Department of Music sponsors weekly student recitals. Each student with a major or minor in music is expected to appear in student recital at least once each semester in the primary performance medium.

Recital Attendance. Attendance at recitals and school concerts is considered an integral part of the student's development as both a performer and an informed listener, and it is required of all majors and minors. Music majors are required to attend 75% of weekly student recitals plus 75% of all degree recitals, concerts, and lectures sponsored by the Department of Music during each semester of study. Music minors meet the same percentage requirement for two years. Recitals are viewed as laboratory experiences. Failure to attend the required percentage of recitals in a semester will mean failure in the major ensemble for that semester.

OPPORTUNITIES TO PERFORM AND HEAR MUSIC

Voice, piano, and organ students regularly enter the Mississippi Music Teachers Association auditions, and voice students may enter the National Association of Teachers of Singing (NATS) auditions. Student and faculty recitals, lectures and concerts of early music are designed to offer the students practical experience in all musical styles.

In addition to live music, the library includes listening facilities and a representative collection of recordings and scores.

SEMESTER EXAMINATIONS IN APPLIED MUSIC

A faculty jury examination is conducted at the close of each semester for work in all applied music subjects. Each student will perform before the faculty panel in each applied subject for which the student is enrolled, whether major, concentration, or secondary, with one exception. Students who give approved junior or senior recitals during the last half of any semester will be exempt from the jury examination for that semester. (Those presenting recitals prior to mid-term will be expected to prepare a jury utilizing different literature!) Semester examination grades will be determined by the jury in conjunction with the individual instructor, or by the jury grade on the recital performance.

Applied music majors and concentrations, except organ, must perform their music before the jury from memory. All applied music secondaries must perform a minimum of three selections from memory. It will be permissible to use music for all studies of purely technical nature.

UPPER-LEVEL EXAMINATIONS IN APPLIED MUSIC

At the end of the sophomore year, or at the mid-point of degree study in music, there will be a special examination to determine each student's eligibility for upper-level music study. This examination shall consist of a twelve minute program in the applied specialty and a short sight-singing proficiency evaluation.

Students who attend Carey as freshmen and sophomores are expected to pass the upper-level examination after four semesters of study in the applied concentration. Failure to do so will mean that the student must repeat sophomore level applied music until the examination is passed. This will result in a loss of eligibility to take upper-level music study in the major area until the examination is completed satisfactorily. Transfer students with two previous years of college credit in their applied

concentrations will be eligible to take upper-level courses in their major, but they must complete successfully the upper-level examination by the end of their first year of study at Carey in order to continue upper-level course work.

The student may not change an applied music concentration or major after this examination except with approval of the entire music faculty.

PROFICIENCY EXAMINATIONS

Before a music major may qualify for graduation, that student must satisfy, by individual examination, the proficiency requirements in both piano and voice with the exceptions listed under these headings. These examinations may be taken at any time after the minimum hour requirements for the respective degrees have been met in the given applications. Students must enroll in secondary piano or voice until the proficiency tests have been passed regardless of hour requirements. It is the responsibility of the individual student to sign up for these examinations when student and teacher are confident of proficiency. Since the purpose of these examinations is to demonstrate the student's ability to use the voice, piano, sight-reading, and listening skills as tools in the chosen area of professional music activities, the requirements will vary for the different degrees.

Piano Proficiency. They are scheduled upon the advice of the instructor or by the chairman of the Department of Music at the regular semester examination period for applied music, each semester. All students who major in music under a B.M. curriculum, except those who concentrate in piano or organ, must pass a piano proficiency test or enroll in secondary piano until this requirement is met. No student will be recommended for graduation until this requirement is completed. The following requirements are applicable to concentrations in applied voice:

(1) Play one piece[1] or prepared accompaniment.
(2) Read a solo vocal part together with a simplified accompaniment.
(3) Sight-read community songs (such as Twice 55) or simple hymn-tunes.
(4) Improvise a folk song or hymn-tune accompaniment, modulate, and transpose the song or harmonization to other keys.
(5) Demonstrate ability to read fairly fluently piano compositions of the type used for school rhythmic activities (music education and music therapy majors).

Voice Proficiency. Scheduled upon the advice of the instructor or by the chairman of the Department of Music at the regular semester examination period for applied music, each semester. All students who major in music under the B.M. degree, except those whose applied major or concentration is voice, must pass a voice proficiency or enroll in secondary voice until this requirement is met. For all degree plans, the following requirements apply:

(1) Sing from memory three contrasting songs with good intonation, musical accuracy, and a reasonable sense of style. This implies a pleasant singing voice capable of musical accuracy throughout the entire range. The student will be expected to demonstrate technical facility sufficient to use the singing voice effectively as a tool in various aspects of teaching and conducting.
(2) Sing at sight a folk song or hymn.

ENSEMBLE REQUIREMENTS

All students with a major in music are required to participate in a major ensemble each semester they are on the campus unless specifically excused by the chairman of the Department of Music. Students are encouraged to participate in additional ensembles, and they are often granted scholarship aid to offset the tuition of the extra ensembles if they will participate.

Commencement Attendance. Various ensembles perform as a part of commencement exercises. Participation in these exercises is expected of all members of the performing group and is regarded as partial completion of the requirements of the course.

[1] Memorization is not required. Pieces should be comparable in difficulty to a Clementi Sonatina or more difficult.

OUTSIDE PERFORMANCE AND INSTRUCTION

No student of the College who is enrolled in music may appear as a representative of William Carey College in public musical performance except by permission of the chairman of the Department of Music. A student in applied music may appear as soloist on public programs only with the approval of the teacher. The faculty reserves the right to limit participation in musical ensembles outside the college if such participation interferes with the desirable musical growth of the student.

Music students may not give instruction in music except under the supervision of a faculty member as a part of studies in pedagogy or as appointed student assistants. Students are not permitted to use college property for private enterprise.

COURSE DESCRIPTIONS

I. BACHELOR OF ARTS

The B.A. curriculum may draw from all areas of course offerings.

II. APPLIED VOICE MAJOR

See the curriculum plan II, p. 99, and the appropriate course numbers listed under A. Applied Music (4) of these Course Descriptions.

III. CHURCH MUSIC (MUC)

MUC132. Introduction to Church Music: (Three Hours) The churchwide program of music, its basic organization, philosophies, and objectives. Planning the church music curriculum and its coordination with the total educational program of the church. Each student will observe specific aspects of approved church music programs firsthand and report on them during the semester.

MUC331. Church Music Education: (Three Hours) Methods and materials related to singing, playing, rhythmic, listening, reading, and creative activities for the graded choirs—kindergarten through junior-high school.

MUC333; MUC334. Survey of Hymnology: (Two Hours Each Semester) A study of hymnody from earliest Old Testament references to the present. The historical development, classification, criticism, and use of hymns.

MUC432. Church Music Literature: (Two Hours) Choral repertory for adult and youth church choirs dealing chiefly with smaller forms such as motets and anthems from the sixteenth century to the present.

MUC 437. Christian Worship: (Three Hours) The art of individual and corporate worship and the development and use of the church's music as an aid to worship and to evangelism. Service planning!

IV. MUSIC EDUCATION (MUE)

MUE111; MUE112. Elementary Voice Class: (One Hour Each Semester) Fundamentals of vocal technique emphasizing posture, breathing agility, articulation, and pronunciation through vocalises and applicable songs. Italian Art Song literature is emphasized. Four to six songs per semester, of which at least three are memorized. Instruction: class lessons. Secondaries, concentrations, and majors complement the class with one credit hour of private instruction.

MUE121; MUE122. Elementary Piano Class: (One Hour Each Semester) Designed for students without previous study in piano (secondary level). Basic technique, reading, and harmonization of melodies by ear are stressed. This course is not accepted toward a concentration in piano, but it satisfies the requirements for MUP120.

MUE127. English Diction for Singers: (One Hour) A study of English language sounds, their formation, classification, and use. Particular attention is paid to their use in choral and solo vocal performance. IPA symbols are stressed.

MUE211; MUE212. Intermediate Voice Class: (One Hour Each Semester) Fundamentals of vocal technique enhanced through vocalises and applicable songs, with emphasis given to German Lieder. Four to six songs per semester, of which at least three are memorized. Instruction: class lessons.

MUE241; MUE242. Elementary Conducting: (Two Hours Each Semester) A reinforcement of rhythmic skills to complement theory studies. A study of the fundamentals of conducting both choral and instrumental groups, including rehearsal techniques.

MUE313. Materials and Methods in Elementary Public School Music: (Three Hours) Methods and materials for music majors (others, see EDU318). Problems related to singing, music reading, rhythmic responses, creative activities, music appreciation, and the school room orchestra. (This class and MUC331 are taught simultaneously.)

MUE314. Materials and Methods in Secondary Public School Music: (Three Hours) A consideration of techniques and materials for general music, mixed chorus, glee clubs, show choirs, voice class, theory, music appreciation, and program building.

EDU318. Fine Arts Materials for Elementary School Teachers: (Three Hours) For a course description, see the Department of Education section of this catalog.

MUE323; MUE324. Band Instruments Class (Brass, Percussion, Woodwinds): (One Hour Each Semester) Practical elementary class instruction on brass, percussion, and woodwind instruments. Attention devoted to correct tone production, technique, and care of instruments. Two laboratory hours a week each semester.

MUE325. Guitar Class: (One Hour) Introductory course; elementary functions of the guitar as an adjunct for teaching.

MUE326. Stringed Instruments Class:; (One Hour) Elementary group instruction. The study and application of the fundamentals of playing stringed instruments. Two laboratory hours a week.

MUE327. Italian, German, and French Diction for Singers: (Three Hours) A study of the rules of diction for each language with emphasis on careful articulation, pronunciation, and enunciation of language sounds within the context of characteristic songs from each language.

MUE341. Intermediate Conducting: (Two Hours) A further refinement of conducting skills with an emphasis on Medieval, Renaissance, and Twentieth Century forms. Score preparation is emphasized.

MUE411. Vocal Pedagogy: (Three Hours) The physiological, psychological, and acoustical problems of singing and the singer. Principles and methods pertaining to voice production and the teaching of voice to individuals and to groups.

MUE412. Directed Teaching of Voice: (Two Hours) Advanced consideration of the principles and problems of voice production and voice teaching presented from a practical standpoint. Supervised experience in teaching voice supplemented by demonstration and discussion in class.

MUE418. Psychology of Music: (Three to Four Hours) An introduction to basic acoustics and the psychological effects of music perception.

MUE422. Instructional Design and Development in Music: (Three Hours) Investigation of modern learning theories and approaches to individual differences as they pertain to individual course and curriculum design in music. Includes aspects of classroom management and evaluation techniques and current educational law.

EDU496. Directed Teaching in Public School Music: (Twelve Hours) For course description, see the Department of Education section of this catalog.

V. MUSIC THERAPY (MUH)

MUH132. Practicum—Geriatric: (One Hour) Orientation, observation and session planning experience with geriatric populations.

MUH167. Orientation to Music Therapy: (Three Hours) An introduction to the population with whom music therapy is used, the historical bases for the therapeutic uses of music, the organizational structure and proceedings of NAMT, and an orientation to professional ethics.

MUH233. Practicum—Mentally Retarded: (One Hour) Orientation and observation experiences with mentally retarded populations in institutional and special education settings.

MUH266. Principles of Music Therapy: (Three Hours) A review of the theoretical bases and experimental evidence of the influence of music in clinical settings.

MUH362. Recreational Music: (Three Hours) An introduction to the innovative ways in which music may be applied in helping individuals, including exceptional and handicapped persons, utilize their leisure time.

MUH365. Music in Therapy I: (Three Hours) Techniques of therapy utilized with physically and educationally handicapped children and youth.

MUH434. Practicum—Psychiatric: (One Hour) Orientation, observation and session planning experiences with emotionally disturbed, alcoholic, and substances abuser patients in a psychiatric hospital setting.

MUH435. Practicum—General Hospital: (One Hour) Orientation, observation, and session planning experiences using dynamic music therapy techniques with patients in pediatric and oncology units of a general hospital.

MUH466. Music in Therapy II: (Three Hours) Techniques of music therapy with physically, mentally, and psychologically handicapped adults.

MUH468. Internship in Music Therapy: (Two Hours) Students must serve a six month internship at an approved NAMT facility prior to being graduated.

VI. PIANO PEDAGOGY

MUI241; MUI242. Practicum: (One Hour Each Semester) Observation and evaluation of private and group lesson procedures.

MUI243; MUI244. Advanced Piano Skills: (Two Hours Each Semester) A performance oriented course with emphasis on developing keyboard skills of harmonization, modulation, transposition, improvisation, accompanying, score reading, and service playing.

MUI343; MUI 344. Supervised Teaching of Piano: (One Hour Each Semester) Supervised piano teaching at various levels.

MUI345. Group Piano Procedures: (Two Hours) A study of methods, materials, and principles of teaching group piano lessons.

MUI347. Piano Pedagogy: (Two Hours) A study of methods, materials, curriculum and fundamental concepts of teaching piano with emphasis on beginning and elementary level students.

MUI350. Advanced Piano Pedagogy: (Two Hours) A study of methods, materials, and curriculum for teaching piano at the intermediate and advanced levels.

MUI419; MUI420. Supervised Teaching of Piano (One Hour Each Semester) Supervised piano teaching at various levels.

MUSIC CORE AND PERFORMANCE STUDY AREAS

A. APPLIED MUSIC[1]

ELECTIVE APPLIED MUSIC (1)

Students from the general student body are encouraged to take applied lessons in organ, piano, or voice: MU—110, MU—210, MU—310, or MU—410 (One or Two Hours Each Semester) After a student has completed Four Hours of 110, he is eligible to begin the 210 series, etc. Elective study in applied music cannot be used to meet the requirements of a music major or minor.

[1]In each applied area, sample exercises and levels of difficulty of selected literature used in instruction are available in an Applied Music Pamplet, obtainable at the School of Music Office.

SECONDARY PIANO (2)

MUE121; MUE122. Elementary Piano Class: (One Hour) For course description, see IV. Music Education, p. 103.

MUP 120; MUP220; MUP320; MUP420. Secondary Piano: (One or Two Hours Each Semester) Technique building and selected pieces chosen to meet individual student needs.

PIANO CONCENTRATION (3)

MUP130; MUP230; MUP330; MUP430. Piano Concentration: (One to Three Hours Each Semester) See footnote below.

SECONDARY ORGAN (2)

SECONDARY VOICE (2)

MUE111; MUE112. Elementary Voice Class: (One Hour Each Semester) For course description, see IV. Music Education, p. 103.

MUE211; MUE212. Intermediate Voice Class: (One Hour Each Semester) For a description and additional requirements, see IV. Music Education, p. 103.

MUV120; MUV220. Secondary Voice: (One Hour Each Semester) Private instruction to complement the voice class experience.

MUV320; MUV420. Secondary Voice: (One or Two Hours Each Semester) Secondary applied voice for students wishing to continue study.

VOICE CONCENTRATION (3)

MUV130; MUV230. Voice Concentration: (One or Two Hours Each Semester) Private instruction to complement voice class experience.

MUV330; MUV430. Voice Concentration: (One to Three Hours Each Semester) See footnote below.

VOICE MAJOR (4)

MUV140; MUV240. Voice Majors: (One Hour Each Semester) Technique building exercises and selected pieces chosen to meet individual needs. Private lessons complement voice classes.

MUV340; MUV440. Voice Major: (One to Three Hours Each Semester) Technique building exercises and selected pieces chosen to meet individual needs. (See also recital requirements p. 101).

B. ENSEMBLE[1]

MUG191; MUG391. Carey Chapel Choir: (One Hour Each Semester) A choral organization open to all students by audition and conference during the first week of each semester. Five laboratory hours a week, each semester.

---

[1]Freshman and sophomores are assigned one-hundred numbers for ensemble; juniors and seniors are assigned three-hundred numbers for ensemble.

MUG192; MUG392. Carey College Chorale: (One Hour Each Semester) A professional organization selected to represent William Carey College off campus. Choral literature from all periods studied, memorized, and performed. Personnel limited to forty-eight. Auditions required. Five laboratory hours a week, each semester.

MUG194; MUG394. Madrigal Singers: (One Hour during the Fall Semester) A select vocal ensemble which studies and performs music of all periods with special emphasis on renaissance and contemporary forms. Three laboratory hours each week.

MUG341. Accompanying: (One Hour) Accompanying for class or studio voice lessons, or for a choral ensemble.

MUG395. Carpenter's Wood: (One Hour Each Semester) A small group of singers selected to represent William Carey College on and off campus, particularly in the churches. Three laboratory hours each week.

MUG196; MUG396. Carey Carillon: (One Hour Each Semester) A handbell choir which represents the college on and off campus. Two laboratory hours per week each semester.

MUG198; MUG398. Carey Oratorio Choir: (No Additional Credit) A Choral organization made up of the combined membership of the Chapel Choir, the Carey College Chorale, and the Madrigal Singers and scheduled in conjunction with the rehearsals of the other choral organizations. Oratorios and cantatas are studied and performed. Two laboratory hours a week, each semester.

MUG399. Show Choir: (One Hour in the Spring Semester) An ensemble experience which pairs music and dance routines in a musical revue format.

C. MUSIC HISTORY AND LITERATURE[1,2]

MUM101. Music Appreciation: (Three Hours) A non-technical study of musical examples designed to acquaint the general student with music itself. Appreciation of musical art forms based upon definition, aural recognition, and analysis. This course does not meet the music history and literature requirements for a major or minor in music.

MUM205. Survey of Baroque Music, 1600-1750: (Two Hours) Review of antiquity and a study of style characteristics and performance practices of music of the Baroque with emphasis given to listening recognition of works by key composers of the period.

MUM206. Survey of Western Music from 1750-1914: (Two Hours) Style characteristics and performance practices of music of these eras with emphasis given to listening recognition of works by key composers of these periods.

MUM305. Survey of American Music, 1620 to the Present: (Two Hours) Style characteristics and performance practices of music of the Folk, Popular, and Fine Art traditions in America.

MUM306. Survey of 20th Century Music: (Two Hours) Style characteristics and performance practices of music of this era with emphasis given to listening recognition of works by key composers of art music in this period.

MUM403. Survey of Opera Literature: (Two Hours) An overview of opera literature from early Baroque opera to the present. Representative works by important composers of this form will be considered.

MUM404. Survey of Oratorio and Cantata Literature: (Two Hours)

MUM411. Keyboard Literature: (Three Hours) A survey of keyboard literature from the late Renaissance through the works of Beethoven.

---

[1]All Music History and Literature courses for Music majors and minors meet three sessions per week: two periods for lecture and one period for listening.

[2]Students wishing more intensive study in any area of music history and literature or in theory may elect specific study under the MU—49 or the MU—90 series.

D. MUSIC THEORY

MUT150. Fundamentals of Music: (Three Hours) A course designed principally for the non-music major or for one with practicaly no music background.

MUT151; MUT152. Basic Music Skills: (Three Hours Each Semester) The development of basic musicianship skills including functional harmony and keyboard.

MUT153; MUT154. Freshman Sight Singing and Ear Training: (One Hour Each Semester) Two laboratory hours per week, both semesters.

MUT251; MUT252. Intermediate Music Skills: (Three Hours Each Semester) Further development of skills related to functional harmony and 20th century compositional techniques.

MUT253; MUT254. Sophomore Sight Singing and Ear Training: (One Hour Each Semester) Two laboratory hours per week, both semesters.

MUT351. Counterpoint: (Three Hours) A compositional and analytical approach to the principles of 18th century contrapuntal writing.

MUT 355. Form and Analysis: (Three Hours) Study of tonal music from the smallest components to the larger forms. Prerequisite: MUT252.

MUT357; MUT358. Composition: (One or Two Hours Each Semester) Private study in composition. Taken with permission of instructor.

MUT453. Orchestration: (Three Hours) Basic instrumentation and scoring techniques, and analysis of orchestral scores. Prerequisite: MUT252.

DIVISION OF NURSING

ASSOCIATE PROFESSOR NEMCHEK
ASSISTANT PROFESSOR GIPSON
ASSISTANT PROFESSOR LEWIS
ASSISTANT PROFESSOR SULLIVAN
INSTRUCTOR GOLDEN
INSTRUCTOR MANSELL

As an integral part of William Carey College, the Division of Nursing, sharing the overall purpose and objectives of the college, seeks to prepare individuals for self-directed practice and continuing growth in professional nursing; for formal graduate study; and for service to people as an expression of the Christian life and commitment.

Nursing is located currently on all campuses of the college. A range of student services is available, including dormitory facilities. These various services are under the supervision of the appropriate departments of the college, facilitating the integration of the campuses.

PROGRAM GOALS

1. Uses the nursing process in delivering nursing care to individuals, groups, and communities in varying states of health across the lifespan.
2. Practices as a professional nurse generalist in accordance with Judeo-Christian principles, in a variety of settings who will continue life-long learning in the service of society.
3. Uses theoretical and empirical knowledge from the liberal arts, the spiritual domain and nursing in providing nursing care to society in varying states of health across the lifespan.
4. Contributes to the improvement of nursing care by synthesizing research findings in nursing practice.

ADMISSION OF STUDENTS

Applicants to the Division of Nursing must have completed designated core and supportive courses. All students seeking the BSN must apply for admission to the Division of Nursing by writing to the New Orleans campus for application forms and further information. Students are admitted to the Division of Nursing in New Orleans at the beginning of the fall and spring terms only plus other requirements as designated by the Division of Nursing. All students seeking admission to the Division of Nursing must have completed the application one whole term prior to that for which they are seeking admission.

Applications received after the designated deadline for each campus will not be processed unless there are vacancies in the entering class. Late applications will be placed on a stand-by list and applicants will be admitted on a competitive basis as vacancies occur. Incomplete applications will not be processed. Currently enrolled students of William Carey who meet admission requirements are given preference based upon the credit hours earned at William Carey College. Academic qualifications, early application, and the number of available openings are the bases on which transfer students are accepted.

Applicants must meet minimum requirements of William Carey College and have a cumulative grade point average of 2.5 or higher, and a grade of "C" or higher in each support course.

Registered nurse students may obtain credit for nursing courses by successfully demonstrating the competencies identified in the course objectives. These applicants request classification as a candidate for advanced standing when applying for admission to the Division of Nursing.

The Division of Nursing cooperates with the Special Services Department of the college and is interested in assisting all students in achieving success in the nursing program.

Students must possess the personal characteristics essential for professional nursing education and practice. Determinants include the desire and ability to master knowledge and skills required to practice nursing, the ability to work well with others, the potential for leadership, a strong sense of responsibility, emotional stability, and good physical health.

The following are required for admission to the Division of Nursing:

English 101	3 hrs.
English 102	3 hrs.
Psychology 201	3 hrs.
Sociology 101	3 hrs.
Nutrition HEA 244	3 hrs.
Human Anatomy and Physiology BIO 234 and 235	8 hrs.
Developmental Psychology PSY 305	3 hrs.
Pharmacology BIO 306	3 hrs.
Microbiology BIO 305	4 hrs.
General Core	9 hrs.
Total	42 hrs.

REQUIREMENTS FOR GRADUATION

To be eligible for the degree of Bachelor of Science in Nursing, the student must have fulfilled all requirements of the college for graduation, completed all nursing courses with at least a "C," and be recommended by the chair and faculty.

Graduates are eligible to write the registered nurse licensure examination (NCLEX-RN)

COURSE DESCRIPTIONS (NUR)

301. Basic Skills in Meeting Human Needs: (Three Hours) A skills course conducted in a laboratory setting under faculty guidance. It presents selected skills necessary for utilization in the nursing process and allows the student to practice under controlled conditions. Prerequisite: Admission to the Division of Nursing. Two hours lecture. One hour laboratory.

302. Human Perspectives in Nursing: (Two Hours) Introduces the philosophy and conceptual framework of the Division of Nursing. Provides a holistic study and research of the concepts of man, environment, health and nursing as life changing processes. Prerequisites: Admission to the Division of Nursing. Two hours lecture.

311. Nursing of the Adult: (Six Hours) Organized around the nursing process, this course provides theory and clinical application in the bio-psycho-social-spiritual adaptation of body systems in the adult. It covers a broad range of common conditions experienced by adults. Prerequisites: NUR 301, NUR 302, NUR 312. Three hours lecture, three hours laboratory.

312. Health Assessment in Nursing Practice: (Three Hours) A study of basic concepts and skills necessary to assess the state of man's health, to recognize health problems, and to teach health guidance. Prerequisites: Admission to the Division of Nursing, permission of the instructor. Two hours lecture, one hour laboratory.

314. Mental Health Nursing: (Four Hours) The nursing process is utilized in the delivery of patient care with the individual, family, group, and community. Prerequisites: Successful completion of NUR 301, 302, 312. Two hours lecture, two hours laboratory.

321. Nursing of the Childbearing Family: (Four Hours) Emphasis is on the everchanging role of the nurse in the management of families experiencing childbirth. The birth process from preconception to post partum care is explored. Prerequisites: NUR 311, 314. Two hours lecture, two hours laboratory.

322. Nursing the Childrearing Family: (Four Hours) This course focuses on the needs of the childrearing family utilizing the stages of human growth and development as the foundation for formulating nursing care. Laboratory experiences in a variety of health care settings foster the integration of concepts and the use of the nursing process with children and their families from infancy through adolescence. Prerequisites: NUR 311, 314. Two hours lecture, two hours laboratory.

323. Issues and Trends in Nursing: (Two Hours) Emphasis is placed on analysis of current issues in nursing. The historical development of nursing is addressed in regard to its impact on current issues and trends. Social movements and forces that have affected development of the profession are reviewed. Nursing's potential for providing the essential holistic person-oriented element in health care systems is emphasized. Prerequisite: NUR 322 or concurrent enrollment. Two hours lecture.

325. Concepts of Baccalaureate Nursing: (Three Hours) This course introduces the RN student to the baccalaureate concepts of those nursing courses already studied at a different level. Prerequisites: Admission to the Division of Nursing. Three hours lecture.

DIVISION OF ADULT LEARNING

ANTONIO R. PASCALE, CHAIRMAN

This academic division of the college emphasizes the **special** educational and support needs of adult learners. Many of the students in this division will enroll in courses scheduled in locations other than the main campus in Hattiesburg. The division offers two degrees: the Bachelor of General Studies currently available to National Guard students and the Bachelor of Liberal Studies available to any student. See the descriptions below for each degree.

A typical student in the division will have one or more of the following characteristics: 25 years in age or older, employed full-time or part-time, married or single parent, and have work experience or educational training of a non-traditional nature which may count toward degree credit. Students applying for admissions to the Division of Adult Learning Programs must complete the Application for Adult Learning and meet the college's regular admissions requirements.

ARMY ROTC

EDWIN H. FELSHER, JR., (Chairman)

By special arrangement through a cross-enrollment agreement with the University of Southern Mississippi in Hattiesburg, full-time students at William Carey College can enroll in the Military Science Program (Army ROTC) while pursuing their normal academic major at William Carey College. All instruction and training is accomplished on the University of Southern Mississippi Campus. Interested students should contact the Department of Military Science at the University of Southern Mississippi, Southern Station Box 5042, Hattiesburg, MS 39406. Phone: 601/266-4460 or 4462.

PROGRAM OF INSTRUCTION

The ROTC program of instruction encompasses four years and is divided into two courses, the Basic Course and the Advanced Course. The former consists of two years of instruction, normally taken in the freshman and sophomore years at a junior college offering ROTC and is a prerequisite for entry into the Advanced Course. The Basic Course is introductory in nature and no military obligation is incurred. Credit of Physical Education can be earned for each course taken. **The Advanced Course is designed to prepare selected cadets for commissioning in the United States Army, Army Reserve and National Guard.** All academic majors except theology are accepted, and the college will grant a minor in military science. Successful completion of a six-week advanced summer camp and nomination by the professor of military science are required for commissioning. The Advanced Course student is paid a $100.00 per month tax free subsistence allowance during both academic years of the Advanced course.

BASIC AND ADVANCED COURSE STUDENTS will be required to attend a weekly leadership laboratory, physical fitness exercises, and participate each semester in a practical training exercises. In addition those students desiring a commission must complete a designated military history class, a written communication class and a human behavior class.

TWO-YEAR PROGRAM

A two-year program leading to a commission is available to the following categories of students.

(1) A veteran show military record is evaluated by the professor of military science and determined to have the necessary background for acceptance into the Advanced Course.

(2) Students who did not take the Basic Course during the freshman and sophomore years. The students must successfully complete a six-week Basic Summer Camp prior to applying for the Advanced Course.

ROTC SCHOLARSHIP PROGRAM

The Army ROTC Scholarship Program is designed to offer financial assistance to outstanding young men and women in the ROTC program who are interested in the Army as a career. There are two types of scholarships: three-year and two-year. Each scholarship provides tuition, textbooks, and laboratory fees in addition to paying a $100.00 subsistence allowance per month for the period that the scholarship is in effect.

Students desiring to apply for the two-year or three-year scholarships will do so through the assistant professor of military science. Applicants will be screened by a scholarship committee and nominations are forwarded to the next higher headquarters for final selection.

FOREIGN STUDY

E. MILTON WHEELER, DIRECTOR

William Carey College sponsors annual study tours to Europe and occasionally to Asia, the Near East, and Latin America. In addition, William Carey students enter competition for Fullbright, Rotary, and other prestigious programs, for foreign study. In the last two years six William Carey students have won all expenses paid fellowships to New Zealand, Australia, India, and England. The foreign study coordinator for the college is Dr. Milton Wheeler.

Credit for a course taken by a student enrolled in a foreign university course of study (including course number, lectures, examinations) will be treated the same as transfer credit from another institution in this country.

STUDENT SUPPORT SERVICES

BRENDA WALDRIP, DIRECTOR

Student Support Services is a support program designed for a target group including first generation students, the physically disabled, and those from low income families. Services include reading and study skills improvement, academic classes, a writing laboratory, tutorial services, academic advisement, vocational and personal counseling, and referrals to appropriate agencies or schools when needed.

WILLIAM CAREY COLLEGE ALUMNI ASSOCIATION

One of the most valuable assets any institution of higher learning has is its alumni. This is certainly true of William Carey College as our former students spread our name abroad, give vocal and financial support, and tell the College about prospective students. The William Carey College Alumni Association is open to all former students who have completed at least twenty-four hours.

MEMBERSHIP DUES

Single $10.00	Life $125.00
Joint $15.00	Joint Life $200.00

OFFICERS

President.....Dr. John J. McGraw '72
Vice President.....Wayne Ross '73
Secretary.....Diane Dobson Jamison '76

The **CAREY CAPSULES** is the official publication of the Carey Alumni Association and is mailed to approximately 5,400 former students whose current addresses are on file in the alumni office.

Continued alumni support is vital to the future of Christian education at William Carey College. The time and money you give in support of Carey is not spent . . . it is invested!
